Guard Official Demands U. S. Blockade Cuba

DENVER (UPI) — The 84th annual meeting of the National Guard Association of the United States got underway here today with a suggestion from one of its highest officials that the U. S. should throw a blockade around Cuba to prevent further delivery of Communist arms.

Massachusetts Decides Tuesday On Ted or Ed

BOSTON (AP) — Massachusetts voters decide Tuesday whether there are too many Kennedys in public life or if another of the clan should have a crack at high public office.

That seemed the overriding issue today as Edward M. Kennedy, 30, brother of President Kennedy, and Edward J. McCormack, 39, nephew of House Speaker John W. McCormack, climaxed a whirlwind campaign for a short-term U. S. Senate nomination.

At stake in November balloting is the remaining two years of the term Kennedy left behind to become president.

Two republicans will fight it out at the polling places for their party's nomination and the opportunity.

The Weather

(Issued by the U. S. Weather Bureau at Colorado Springs)

FORECAST — Fair today with a low tonight of near 50. High Tuesday near 85.

FIVE DAY FORECAST FOR Pikes Peak Region (Tuesday thru Saturday) — Generally fair and mild with light showers near the end of the week. High temperatures averaging near 75, lows near 50.

NAMED PRIME MINISTER IN BRAZIL — Former Labor minister Hermes Lima, a progressive socialist, was named Sunday as prime minister of Brazil by President Joao Goulart. He will form what probably will be a caretaker government until a new congress returns in February.

Army Doctor Says U. S. Must Strengthen Values

Moral values of honesty, loyalty and self-responsibility must be strengthened in America if this country is to survive the pressures of Communism, Lt. Col. William E. Mayer, M.D., told the Colorado Medical Society Sunday night in an address at the Broadmoor International Center.

Senate Debates New Trade Bill, Vote Seen Soon

WASHINGTON (UPI) — The Senate began debate today on the trade bill — President Kennedy's No. 1 legislative request.

Senate Democratic Leader Mike Mansfield, Mont., said he hoped a final vote would come this week.

The stage was set for a protectionist-liberal trade battle over the measure. Opponents concerned about the impact of increased imports on home industries want to pare down the unprecedented tariff-cutting powers the bill would grant the President.

A fight also loomed over what is perhaps the most novel feature of the trade bill — a new program of federal aid to workers and industries suffering injury from increased import competition.

Backers of the bill, cleared last Friday by a 17-0 finance committee vote, felt they had the strength to repulse protectionist assaults and pass it without substantial change.

Other congressional news:

Transit: The Senate Commerce Committee was scheduled to hold a hearing today on the stalled \$500 million mass transit bill. The measure already has been approved by the banking committee for further study. In the House, the banking committee there has approved the bill but it is currently stuck in the rules committee.

The measure would provide federal grants to help cities and towns develop improved commuter transit systems.

Gen. Milton A. Rockefeller, adjutant general of the State of Maryland and executive councilman of the association, as some 1,800 ranking guard officers from 50 states and Puerto Rico gathered at the Denver Hilton Hotel at the start of the four-day conference.

Traffic Claims Seven More, Ups Total to 325

By United Press International

COLORADO'S 1962 traffic fatality rate climbed to 325 today—five above last year—with the weekend deaths of seven more persons as the result of automobile mishaps.

Two women and a man died in separate accidents Sunday, and three other persons lost their lives in auto crashes Saturday. In addition, Jimmy Williams, 21, of Nueces, died in a Grand Junction hospital Saturday night of injuries he suffered in an accident last Thursday.

A single car crash Sunday night claimed the life of Mrs. Victoria Ortiz, 40, of Denver. Police said she was a passenger in a car operated by her husband, Antonio, which crashed into a center post at the junction of Colorado 2 and U. S. 85 in Adams County.

Another single car crash killed Gilbert Roy Gattrel, 20, of Boulder, early Sunday morning. Gattrel's car struck a guard post on West Pearl Street in Boulder County and flipped over.

Shirley Ann House, 32, of Arvada, was killed at Barr Lake Sunday when she was struck by a car driven by Mataka Nishimoto, 54, of Denver, as she walked along U. S. 6 in Adams County.

Richard Sylvester Schroeder, 15, of Paonia and James Russell Rose, 6, of Paonia, were injured in a car crash Sunday.

Exhibitionist Seen in Park

A man attired only in sunglasses exposed himself to two 10-year-old girls in Palmer Park Sunday afternoon, according to a police report.

Police Officer Donald Krabbenhoft said the girls told him they were walking down the south slope of the park at 3:55 p.m. when they heard someone cough.

When they looked up the man was standing in the nude near a large rock looking at them.

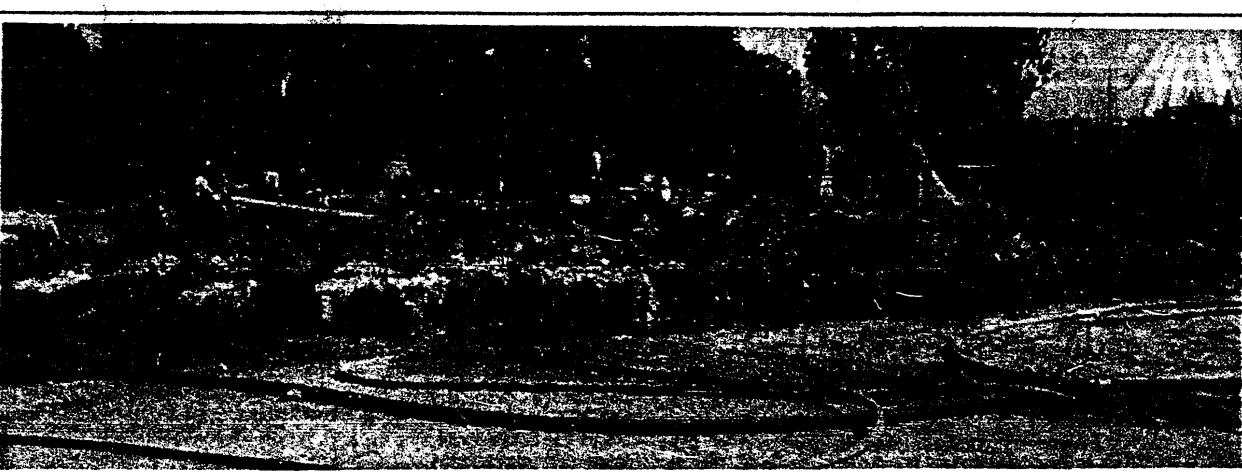

They said they ran from the scene but looked back in time to see the man seated on the rock putting on his shoes. Later they heard a car start and leave the scene.

Krabbenhoft said the girls described the man as six feet tall, and having dark hair cut in crew cut style.

NASA Names Nine Trainees for Space Program Aimed at Moon

TOTAL LOSS — Firemen from Company 3 are pictured soaking down bales of hay in a field near the 300 block S. 8th St. this morning. The bales were removed from a trailer when it was discovered that the burning hay was over the saddle gas tanks. Cause of fire has not been determined. The hay was a total loss and the tractor was painted damaged. The alarm came in at 8:53 a.m. but because firemen had to remove each bale of hay separately, they were not back in quarters until 10:38 a.m. Battalion Chief Ralph Nice was in charge. (Gazette Telegraph Photo)

Celebrezze Says Fallout Not High Across Country

WASHINGTON (AP) — Secretary of Welfare Anthony J. Celebrezze says a federal board has found that radioactive fallout is not at dangerous levels in the United States at this time.

The group said it would not recommend the preventive and countermeasures taken recently when radioactivity counts shot to high levels in some areas.

The Federal Radiation Council, top-ranking government body dealing with the problems of radiation fallout, issued a report today on its meeting of a week ago.

Celebrezze said Sunday in a television interview that the council had concluded there is no great danger to the nation from fallout at this time. He heads the group.

The council's report did not mention the areas involved or the countermeasures taken.

When the count of radioactive iodine 131 in milk reached an average of 500 micromicrocuries per day during July in Salt Lake City, Utah, the dairy industry there undertook voluntary control measures.

The Public Health Service at the time said these measures included shifting dairy herds from fresh pasturage to stored feed, and diversion of some fresh milk supplies to production of butter and cheese to allow time for the iodine 131 to decay.

Last year the council set guidelines for radiation intake and established the maximum safe limit on iodine 131 at 100 micromicrocuries per day, or 35,000 per year.

"The council believes that individual fallout situations require individual evaluation before specific action is taken," the report said.

"Radiation exposures anywhere near the guides involves risks so slight that countermeasures may well have a net adverse rather than favorable effect on the public wellbeing."

Russ Fire Another Test in Atmosphere

WASHINGTON (AP) — The Soviet Union has fired another nuclear test in the atmosphere over the area of Novaya Zemlya, the U. S. Atomic Energy Commission reports.

The AEC said Sunday's test had a force equal to the explosion of several million tons of TNT, like the Soviet test in the same area Saturday. Sunday's shot was the 12th announced by the AEC in the current Soviet series.

4 Departments Battle, Control Timber Blaze

A brush and timber fire in fire was declared under control Turkey Creek Canon, 18 miles south of Colorado Springs, was reported that the fire was near brought under control about 11 a.m. today by men from four area fire departments.

The first alarm came at 8:35 a.m. to the El Paso County Fire Department. Deputy Sheriff Vince Denboske called for additional help about an hour later.

Fire crews from Ft. Carson, Ivywild and Stratton Meadows responded.

About a square mile of brush and timberland burned before the blaze was brought under control.

C&NW Railway Strike Problem On Dead Center

WASHINGTON (AP) — Government officials studied today the impasse in the 19-day Chicago & North Western Railway strike to determine what they might try next for a solution.

"We've got to make some move," an official said. "We just can't let both sides sit there and glare at each other."

The glaring had to be at long distance, however. The C&NW board chairman, Ben W. Heinemann, walked out of negotiations Saturday night. He said he would not return here until the striking Order of Railroad Telegraphers, AFL-CIO, agreed to accept re-

turn to work.

"We've got to make some move," an official said. "We just can't let both sides sit there and glare at each other."

Building in Belgium Falls, 20 May Be Dead

BRUSSELS (UPI) — A government building weakened by excavations at an adjacent site collapsed today, burying a number of employees in the wreckage.

The number of casualties could not be immediately determined but a police spokesman estimated 20 persons had been killed.

Rescue officials reported at noon that seven bodies had been found, including that of one woman. They said 17 persons, including four construction workers and 13 ministry employees, were missing.

About 50 employees were reported to have been working in the building which housed services of the Belgian Economic Affairs Ministry.

Survivors said they felt a sharp tremor and a number dashed for safety.

Chamber Head Predicts Close U. S. - Canadian Ties

VANCOUVER, B.C. — Ladd Plummy, president of the Chamber of Commerce of the United States, said here today that economic ties between Canada and the United States will grow stronger "gradually, almost imperceptibly, as the by-product of private trade and investment."

He said however, that "absolute economic integration" of the two countries would not be beneficial "at this time" or within the "foreseeable future."

Plummy, who is chairman of the board and president of the State Mutual Life Assurance Company of America, Worcester, Mass., spoke at the annual meeting of the Canadian Chamber of Commerce.

Greater economic integration would not hurt Canada or the United States, Plummy said, but neither country wants complete integration.

Canada does not want to lose its "political independence and cultural heritage," in the fraternal embrace of her giant and friendly neighbor," he said, "and any belief that Americans want to absorb Canada economically or politically is nonsense."

American interests, like mining, farming and petroleum would be hurt by freer trade be-

cause they blend with the low scrub foliage. Cuban infantrymen walk patrols on their side of the fence in clear view of the Marine watch towers.

A Marine officer commanding part of the U.S. defenses said the Cuban soldiers seem to be there to observe U.S. guards and patrols and to stop any Cubans from trying to escape over the fence into the base.

The Cuban troops, seen on patrol, or behind low flimsy looking brush barricades, carry rifles and light automatic weapons mostly of Soviet or Czech make.

2 Civilians Named to Select List

HOUSTON, Tex. (AP) — Nine new astronauts, including two civilians, were added to the nation's space team today.

The new group boosted to 16 the number of astronauts who will man the space flights for which President John F. Kennedy has set a goal of reaching the moon in this decade.

Dr. Robert R. Gilruth, director of the Manned Spacecraft Center, formally presented the new group to the nation at an afternoon press conference at Cullen Auditorium on the campus of the University of Houston.

Gilruth said the nine already have been assigned to a comprehensive training program at the center to prepare them for possible space flights.

In addition to the two civilians, the group includes four Air Force officers and three Navy officers. All have test pilot experience.

The civilians are Neil A. Armstrong, 32, a native of Wapakoneta, Ohio, and currently a test pilot with the National Aeronautics and Space Administration at Edwards Air Force Base, Calif., and Elliot M. See Jr., 35, a native of Dallas, Tex., and experimental test pilot for the General Electric Co.

The Air Force men are: Maj. Frank Borman, 34, a native of Gary Ind., an instructor in the Aerospace Research Pilot School at Edwards AFB.

Capt. James A. McDivitt, 33, a native of Chicago, an experimental flight test officer at Edwards AFB.

Capt. Thomas P. Stafford, 32, a native of Weatherford, Okla., chief of the performance branch at the experimental test flight division of the Aerospace Research Pilot School at Edwards AFB.

Capt. Edward H. White II, 33, a native of San Antonio, Tex., an experimental test pilot at Wright-Patterson AFB.

Violence Hits Dominica When Elections Set

SANTO DOMINGO, D. R. (UPI) — Violence which left a number of persons wounded here and in the northern coast city of Puerto Plata Sunday marred the proclamation of a new constitution and scheduling of presidential elections Dec. 30.

Exact casualty figures were not immediately available, but 10 or more youths were among those wounded here in a clash between rival political groups. In Puerto Plata, several persons were reported injured when troops moved in to quell disorders there.

President Rafael B. Bonaguid, head of the ruling council of state, presided at ceremonies in front of the government palace at which the new constitution was officially proclaimed.

He announced that general elections will be held Dec. 30 and that the victorious presidential candidate will take office for four years beginning Feb. 27, 1963.

5,000 Cuban Troops Deployed Around U.S. Base

GUANTANAMO NAVAL BASE, Cuba (AP) — Fidel Castro has deployed about 5,000 to 6,000 troops near this U.S. base in eastern Cuba, according to the intelligence reaching American Navy and Marine commanders.

But U.S. military authorities believe these regulars, bolstered by thousands of militiamen, are there to keep the Cuban people in check rather than to mount an attack on this vital American fleet base.

Guantanamo's command doubts the likelihood of any serious Cuban threat to the 45-square-mile base, but the entire military force of about 3,000 men has been trained to fight if trouble comes.

So far little of the new military gear the Soviet Union has supplied to Castro's regime has shown up near this U.S. enclave.

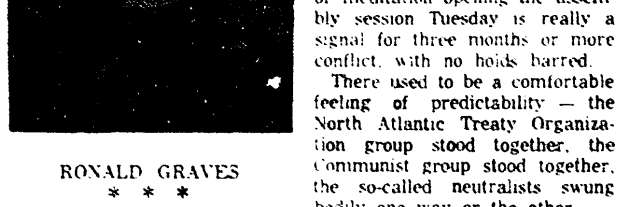

Rear Adm. Edward J. O'Donnell, base commander, said his patrols have not sighted any missile launchers and gross field antiaircraft weapons which Pres-

SAYS RUSSIA SINCERE
WASHINGTON (UPI) — Chief U.S. disarmament negotiator Arthur Dean said Sunday he believed Russia genuinely wanted disarmament because it realized the tragedy and futility of all-out nuclear war.

Dean said in a television interview that the Geneva test ban talks were far from collapse and there had been "real and significant progress" recently despite continued deadlock.

Pvt. Graves Ends Marine Training

Marine Pvt. Ronald V. Graves, son of Ronald V. Graves, of 611 N. Wabatch Ave., has completed recruit training at the Marine Recruit Depot, San Diego, Calif.

Three weeks of the 11 week training course were spent on the rifle range, where recruits fire the M-14 rifle and receive instruction in firing the .45-caliber pistol.

Shirra Will Look For Brilliant Light

PRETORIA, South Africa (AP) — Cmdr. Walter M. Shirra Jr., who is scheduled to be America's next astronaut, may see a light from the Durban area on the Indian Ocean coast of South Africa on his fifth and sixth orbits around the earth.

A 140-million candlepower light is to be located at Louis Botha Airport, near Durban, and will burn for three minutes during Shirra's final orbital flights.

A U.S. Air Force Globemaster brought the light to Durban. It is filled with xenon—a gas similar to neon. When only partially in operation the light can be seen from a distance of 60 miles.

The purpose of the experiment is to determine whether Shirra can distinguish the light while in orbit.

Fire Sweeps Thru Big Toy Factory

SOUTHPORT, England (AP) — Fire swept through a toy factory Sunday and thousands of Christmas presents went up in smoke.

James Robinson, a director of the plant, estimated damage at a million pounds—\$2.8 million.

"We were full of Christmas orders—a terrific amount of stuff—and we can't make it again," he said.

SET OFF TEST SHOT

WASHINGTON (UPI) — The Soviet Union set off another nuclear blast in the atmosphere Sunday at its Novaya Zemlya testing ground. It was the second Russian test in two days.

The U.S. Atomic Energy Commission said the test was along the order of Saturday's explosion, which was said to have had a blast force as high as 10 megatons—10 million tons of TNT.

Worry of FALSE TEETH

Slipping or Irritating? Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Get FASTEETH at any drug counter. Adv.

WONDERFUL NEWS FOR COLORADO SPRINGS

Beginning November 18, you will be able to dial your own long distance calls within the state and across the nation!

There's a marvelous new experience just around the corner for you and your family. On Sunday, November 18, the miracle of Direct Distance Dialing will become a reality for thousands of homes and offices in Colorado Springs and several nearby communities.

You will be able to dial direct from either your home or office telephone on November 18 if you live in one of the following communities:

COLORADO SPRINGS Black Forest Cascade	Chipita Park Divide Fountain Green Mountain Falls	Manitou Springs Security Woodland Park
---	--	--

Early in November we'll mail complete information to you including a list of other cities—both within Colorado and throughout America—that you'll be able to reach when you start Direct Distance Dialing.

Meanwhile, here's a money-saving tip: Whenever you can, call station-to-station instead of person-to-person. You'll not only find it more economical, but you'll also be getting in practice for Direct Distance Dialing—since only station-to-station calls can be dialed direct.

In the coming weeks, we'll be telling you more about Direct Distance Dialing. We're proud to be able to bring its far-reaching benefits to this area.

Dr. Haydee Kort Mental Health Speaker Tuesday

Dr. Haydee Kort, consultant with the Central Psychiatric Institute at the State Hospital in Pueblo will be the featured speaker at a meeting of the El Paso Association of Mental Health Tuesday noon at the Delmonico Restaurant.

Dr. Kort is a graduate of the National University La Plata, Argentina, and has been in the United States for the past six months. He has been in the hospital's reorganization program.

The public is invited to attend the luncheon meeting. Reservations can be made at ME 3-3306.

Building in Belgium Falls, 20 May Be Dead

(Continued From Page One)

into the street. Seconds later one side of the building crumpled before their eyes.

The four sagged, pitching people and office furniture into a giant mound.

Parts of the concrete floors of the four-story building were left dangling from their anchor points, peeling rescue workers below.

One industry employee in shirt sleeves talked to a UPI photographer. Lucien Janart minutes after the catastrophe.

"I was working on the second floor of the building," he said. "Suddenly I heard a creaking noise and saw my desk slide sideways."

I dived across it to the wall which appeared to remain standing in front of me. There I grabbed a shelf of something.

"I don't know what it was. But it held. As the desk slid down and my eyes were blurred by a thick dust cloud I saw one of my colleagues try to struggle up to me. I grasped his hand. But then his feet slipped and he lost hold."

Shortly after noon the chief of the fire brigade directing the rescue work told newsmen there was virtually no chance of still finding survivors in the debris.

As one consequence of the catastrophe, a considerable quantity of the forms used in the national census of last December were destroyed. Officials said it was virtually certain the census would have to be held again.

C&NW Railway Strike Problem On Dead Center

(Continued From Page One)

omendations of a presidential emergency board.

Heineman, as he had stated earlier, did not show up for a scheduled bargaining session today with representatives of the union and mediator Francis A. O'Neill Jr. 7601 Union President George Leighty said he would be at O'Neill's office.

"I hope Mr. Heineman will be there also," Leighty said in a statement. "Negotiations are the only way to end this strike."

The walkout, now in its 19th day, has idled about 15,500 workers and had a serious economic impact on a nine-state area.

The presidential board recommended that the union drop its demand for consultations on job eliminations.

Private Services Held For Joseph Lorentzen

Private funeral services were held Sunday at the Law Mortuary for Joseph P. Lorentzen, 610 N. Cascade Ave., who died the same day at a local hospital.

Mr. Lorentzen was born Feb. 2, 1889 in Grand Rapids, Mich. He had lived in Colorado Springs since 1950.

Mr. Lorentzen was a retired vice president and general counsel for the Bankers Life Insurance Company of Des Moines, Iowa. A veteran of World War I, Mr. Lorentzen was a member of the Colorado Springs American Legion Post.

Survivors of Mr. Lorentzen are his widow, Mrs. Mae Mitchell Lorentzen, Colorado Springs; three sons, Richard P. Lorentzen, Colorado Springs, James A. Lorentzen, Des Moines, Iowa, and Joseph D. Lorentzen, Lincoln, Neb.; one sister, Mrs. Mathea Lucy Pueblo; and one brother, Dr. Lorentzen, New Ulm, Minn.

Vandals Damage Heavy Equipment

Fred Wilson, owner of the Ager Construction Co., reported to police today that heavy equipment vehicle parked near the 1100 block of Bowser Dr., have been damaged by vandals in the amount of \$700.

Police Officer John J. Collins reported that gauges and headlights on the vehicles were broken and that the fuel tanks were filled with dirt.

Wilson said that the vandalism occurred sometime between Thursday and Sunday.

Two Senate Committees Studying Cuba

(Continued From Page One)

acted, and House action was postponed until next Monday. The request will be taken up then under rules permitting greater debate and the offering of amendments.

Meanwhile the House Foreign Affairs Committee considers resolutions on Cuba.

Scott discussed the Cuban situation over the weekend on a recorded radio program for Pennsylvania stations and on a local television program.

"What I am advocating," Scott said, "is a specific blockade whereby, preferably with the help of the other American states, we join in an economic and military blockade against the importation of communism."

Scott said U.S. ships and planes would intercept ships carrying arms and Communist technicians to Cuba and serve notice that these cargoes cannot be landed in Cuba.

"If they proceed," he said, "a shot would be fired across the bows, and closer and closer and closer until we took the risk of possibly having to sink some of these ships. The Russians send over this drastic, but it is exactly what Theodore Roosevelt would have done."

Scott said he doubted the Russians would take the risk of sending in armed convoys.

Sen. Jacob K. Javits, R-N.Y., said on a television program taped for New York stations that Kennedy "should serve notice on the U.S.S.R. that the flow of arms, military materiel and technicians to Cuba must stop. If they do not stop it, it will then be the President's duty to stop it by whatever means he deems appropriate."

Sen. Kenneth B. Keating, R-N.Y., said on another radio-television program for New York stations that the proper groundwork must be laid before a blockade of Cuba is possible. He said, "I would involve the cooperation of North Atlantic Treaty Organization of American States."

Then, Sunday night, on a taped radio interview Keating said Kennedy will have to consider an air and naval blockade of Cuba—but only if the Communist military buildup cannot be halted by other means.

Sen. John Sherman Cooper, R-Ky., said on a radio interview in Louisville that the United States soon may be forced to demand that The Soviet Union stop the military buildup in Cuba. Refusal of the demand could mean war, he said.

"I don't see any point in passing a resolution unless we are prepared to follow up whatever its consequences," the Senator said.

La Junta Medic Given Award At State Meet

The Colorado Medical Society late this afternoon presented Dr. Richard L. Davis, of La Junta, Colo., with the state's first A. H. Robbins award to a physician for community service.

The presentation was made during the second house of delegates session at the state medical meeting which runs through Wednesday.

One of the founders of the Colorado Boys Ranch at La Junta, Dr. Davis has been highly active in the project since it was conceived by the County Judges Association.

With other community leaders he spent long hours in acquiring the land, in rebuilding the old barracks buildings, and in working out rehabilitation problems of boys under the Boys Ranch care. He has been a trustee of the ranch since 1959 and since 1960 has served as president.

The medical society, in making the selection, stressed "magnitude of the Colorado Boys Ranch accomplishment and its potential for continuing service to needy boys of Colorado."

Dr. Davis was awarded the community service award in 1959 by the La Junta Chamber of Commerce. He was president of the Rotary Club in 1956 and 1957 and delegate to Rotary international during this period. He was a director of the Chamber of Commerce for five years.

He is a past president and secretary of the Professional men's Study Club. A member of the La Junta Methodist Church for 35 years, he has served on the church board, is a former steward and was co-chairman of the building committee for the church's new educational unit. He is a past president of the La Junta Golf Club.

Born in Pueblo, Colo., Dr. Davis received his B.A. from the University of Kansas and his M.D. from Northwestern University Medical School. He interned in the Denver General Hospital, and has been in private practice in La Junta since 1943.

A past president of the Otero County Medical Society, he has served for over six years as advisor and athletic director for La Junta High School and Junior College.

On the state medical level Dr. Davis has been a member of the society's committees on sanitation, nursing education, hospital-professional relations, cancer control, physician-nurse relations, legislation, and grievances.

Guard Official Demands U. S. Blockade Cuba

(Continued From Page One)

repercussions from Russia.

"I feel we should stand up to Russia with firmness and purpose," he said. "We might prevent another war. We've got to keep them out of Cuba."

Reckford said the majority of persons with whom he was in contact "feel very much the same as I do about this situation."

The general also termed a "grave error" the recent decision of Defense Secretary Robert S. McNamara to cut the size of America's reserve units from 700,000 to 642,000 men.

Among the key speakers at today's opening session of the conference were to be Gen. John K. Gerhart, commander-in-chief of the North American Air Defense Command; Lt. Gen. Lewis B. Hershey, director of Selective Service; and Gen. Barksdale Hamlett, Army vice chief of staff.

Charles E. West Services Tuesday

Graveside services will be held at 2 p.m. Tuesday in Evergreen Cemetery for Charles E. West, who died Friday in San Jose, Calif., after a long illness. Mr. West was 39 years old.

He was born in Colorado Springs on Dec. 9, 1922, and attended local schools. Mr. West was an engineer for International Business Machines Co. He moved to Ogden, Utah, in 1952, and was later transferred to San Jose where he had lived for the past 10 years.

Mr. West was affiliated with the Presbyterian church.

He is survived by his widow, the former Irene Lindstrom who married in 1942 in Colorado Springs; two sons, David and Dennis, and two daughters, Linda and Sue, all of San Jose; his father, Arthur A. West of Colorado Springs; two brothers, Joseph Carl West of Redlands, Calif., and Wilfred A. West of Colorado Springs; and one sister, Mrs. Florence Rathbun of Pueblo.

Officiating clergyman at the services will be Dr. W. G. Schaefer.

DR. RICHARD L. DAVIS

Massachusetts Decides Tuesday On Ted or Ed

(Continued From Page One)

ity—if Kennedy should win his primary—to take the dynasty issue to the voters for a second round in the general election.

They are George C. Lodge, former assistant secretary of labor, and Rep. Laurence Curtis, 10-year member of Congress whose district was reapportioned out of existence.

Millions of words have been poured out by the candidates at street rallies, clambakes and on television about the issues of the campaign.

But the man on the street in Boston, Greenfield or Pittsfield seems considerably more interested in the question of whether Ted Kennedy should have a chance to join his presidential brother and his attorney general brother in holding major office in Washington.

The first go-around on this matter won't be decided entirely by Democrats Young Kennedy demonstrated a way with the party organization by winning its state convention endorsement for the nomination.

But there are 1,200,000 registered independents in Massachusetts. Ordinarily they don't bother about primaries. But this time a substantial number of them seem to be steamed up by the Kennedy-McCormack contest. Independents outnumber the 900,000 registered Democrats and 600,000 Republicans.

All an independent has to do to get a party primary ballot is to ask for it. When he votes it automatically becomes a member of the party he has chosen. But he can back out of this after he has voted by immediately registering again as an independent.

President Kennedy will vote in Boston's West End. Speaker McCormack will cast his ballot in Dorchester. Both have kept publicly aloof from the campaign. But their influence obviously has been felt in behalf of their favorites.

Still another entry in this famous family sweepstakes for the U.S. Senate is Harvard Prof. H. Stuart Hughes, a grandson of the late Chief Justice Charles Evans Hughes. He is running as an independent and hence does not figure in the primaries.

McCormack has blasted Kennedy's candidacy as a joke and told his opponent "you've never worked for a living." He wound up the campaign by quoting Prof. Archibald MacLeish that the pressing business of the voters was to "save the President from the damage to his prestige implied in the candidacy of his younger brother."

Where McCormack stressed his against low prices could map new strategy.

The NFO, which will not reveal the number of its members, hopes that by holding commodities off the market food buyers and producers will be forced to bargain for stable prices for farm commodities.

At the end of last week, the Saturday market summary showed that livestock shipping climbed sharply and prices fell from the levels reached during the first stages of the NFO drive.

Cattle receipts for the week at 12 major markets stood at 226,000 compared with 175,000 the week before and 231,700 during the same period a year ago. Hog receipts of 31,200 were well above those of 17,165 the previous week and 27,400 a year ago.

Livestock prices still remained above the levels prevailing at the start of the NFO holding action, and this for the fledgling farm group was encouraging.

La Junta Medic Given Award At State Meet

The Colorado Medical Society late this afternoon presented Dr. Richard L. Davis, of La Junta, Colo., with the state's first A. H. Robbins award to a physician for community service.

The presentation was made during the second house of delegates session at the state medical meeting which runs through Wednesday.

One of the founders of the Colorado Boys Ranch at La Junta, Dr. Davis has been highly active in the project since it was conceived by the County Judges Association.

With other community leaders he spent long hours in acquiring the land, in rebuilding the old barracks buildings, and in working out rehabilitation problems of boys under the Boys Ranch care. He has been a trustee of the ranch since 1959 and since 1960 has served as president.

The medical society, in making the selection, stressed "magnitude of the Colorado Boys Ranch accomplishment and its potential for continuing service to needy boys of Colorado."

Dr. Davis was awarded the community service award in 1959 by the La Junta Chamber of Commerce. He was president of the Rotary Club in 1956 and 1957 and delegate to Rotary international during this period. He was a director of the Chamber of Commerce for five years.

He is a past president and secretary of the Professional men's Study Club. A member of the La Junta Methodist Church for 35 years, he has served on the church board, is a former steward and was co-chairman of the building committee for the church's new educational unit. He is a past president of the La Junta Golf Club.

Born in Pueblo, Colo., Dr. Davis received his B.A. from the University of Kansas and his M.D. from Northwestern University Medical School. He interned in the Denver General Hospital, and has been in private practice in La Junta since 1943.

A past president of the Otero County Medical Society, he has served for over six years as advisor and athletic director for La Junta High School and Junior College.

On the state medical level Dr. Davis has been a member of the society's committees on sanitation, nursing education, hospital-professional relations, cancer control, physician-nurse relations, legislation, and grievances.

Peter A. Hultgren Died at Hospital

Peter Augustus Hultgren, 85, of 716 N. Walnut, died Friday at a local hospital following a short illness.

Graveside services will be held at 3 p.m. Tuesday in Evergreen Cemetery with Tejon Lodge No. 104 AF and AM officiating.

Mr. Hultgren was born Jan. 7, 1877, in Sweden. He was a contractor.

Survivors include his son, Edgar Hultgren; a sister, Mrs. Esther Schlosser of Denver; a granddaughter, Mrs. Sally Ann Johnson, Douglas, Wyo.; a grandson, Roger S. Hultgren of Colorado Springs; a nephew, Edwin Peterson, Colorado Springs; a niece, Mrs. Evergreen Bugge of Denver; his widow, Mrs. Leola Hultgren of California; three great grandchildren and five grandnieces and nephews.

Mr. Hultgren was affiliated with Masonic Tejon Lodge No. 104.

Driver Loses Control; Car Rams House, Fence

Curtiss Townsend, 43, of 505 E. Costilla St., was ticketed by Police for careless driving Sunday night after his car went out of control in the 600 block of South El Paso Street and rammed a house and house in the same block.

Police Officer Thomas Hughes said the car knocked down several sections of fence before striking a house at 405 S. El Paso St. Damage to the house was not listed in the report.

Hughes said Townsend told him that a tire blew out on his car causing him to lose control of the vehicle.

Local Irish Setter Wins Best of Breed

Champion Kendor's King of Red Mountain, 4½-year-old Irish Setter, owned by Mr. and Mrs. Ken Maurer of 407 Tio Rd., won best of breed honors Sunday at the Colorado Kennel Club all-breed show.

King was named best of breed out of a field of 19 entries in the Irish Setter class. He also placed fourth out of 15 best of breed representatives of all sporting dogs.

A total of 738 dogs were entered in Sunday's show.

ods of isolating the individual."

Altho he used the word apathy, the officer said one word would not suffice to describe the attitude which led to breakdown of Korean prisoners.

"This characteristic, or trait, or tendency," he said, "has often been called apathy. It is more than that. It partakes of great, personal uncertainty about moral values, about right and wrong, and a resulting unwillingness to take part in activities and act on the basis of personal convictions."

Mayer questioned released Chinese prisoners of war, and has been a student of communistic psychological theories during his Army career.

NFO Facing Crucial Week In Market Fight

(Continued From Page One)

the NFO since it was launched seven years ago, called 70 meat spots in the Midwest and Great Plains so leaders in the rebellion where McCormack stressed his against low prices could map new strategy.

The NFO, which will not reveal the number of its members, hopes that by holding commodities off the market food buyers and producers will be forced to bargain for stable prices for farm commodities.

At the end of last week, the Saturday market summary showed that livestock shipping climbed sharply and prices fell from the levels reached during the first stages of the NFO drive.

Cattle receipts for the week at 12 major markets stood at 226,000 compared with 175,000 the week before and 231,700 during the same period a year ago. Hog receipts of 31,200 were well above those of 17,165 the previous week and 27,400 a year ago.

Livestock prices still remained above the levels prevailing at the start of the NFO holding action, and this for the fledgling farm group was encouraging.

Future projects include the installation of the rest of the pews, sanctification, and completion of the second church increment, inclusive of the education building and chapel.

Listed as the oldest church organization in the state, Trinity's lineage dates back to 1860 when the church started as an after-thought of a public hanging. It was after this incident that the Revs. W. Howbert and H. H. Johnson called Colorado City's first church gathering.

Among Trinity's famed preachers were the Rev. John M. Chivington of Sand Creek fame and Rev. John Dyer whose book "Snowshoe Itinerant" gained national fame. Present pastor is the Rev. Sigurd E. Burch, Jr. who came to Trinity in June, 1960.

Indignation Group To Present Tape Recording Tonight

The national chairman of the National Indignation Convention will be heard via a tape recording at 8 p.m. tonight in the little theater of the City Auditorium.

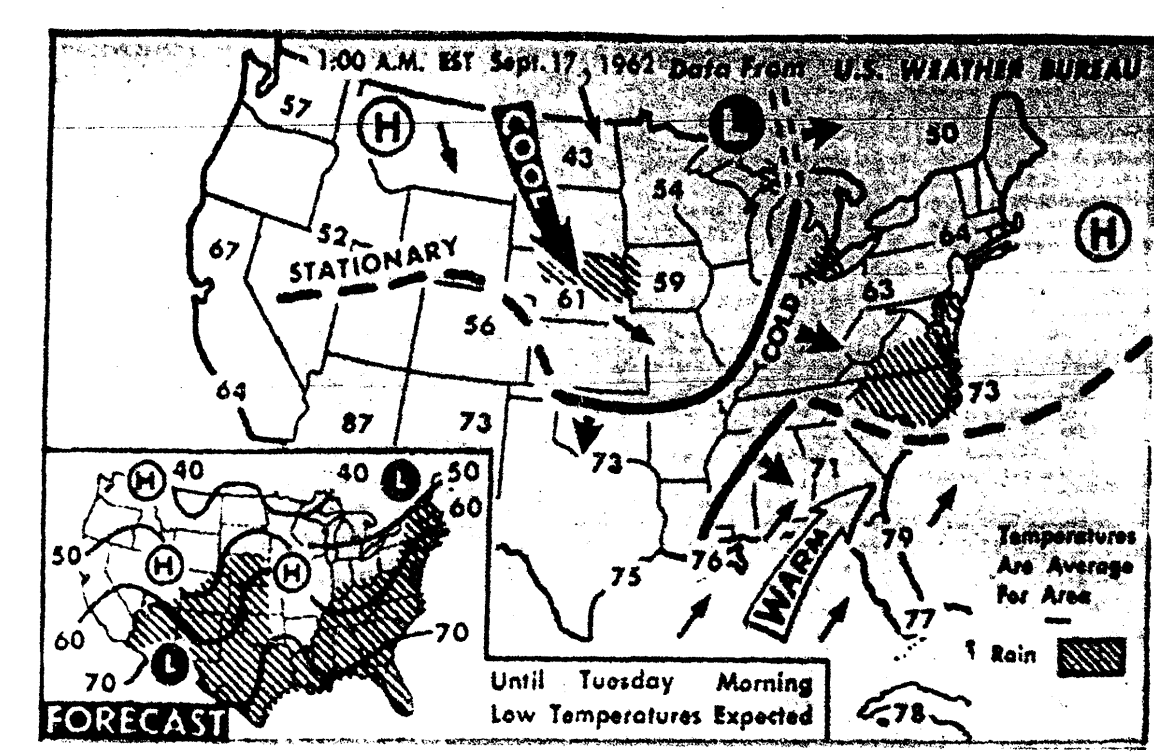

Frank McGehee of Dallas, Tex., founder of the NIC, will cover the foreign aid program and tell how Colorado representatives and senators voted. He will also cover the State Department's booklet No. 7277 which, according to Howard Harvey, chairman of the Colorado Springs Delegation of the NIC, covers the complete disarmament of the Army Navy and Air Force of the United States.

"This tape recording should be heard by all the American public prior to their voting in this November's elections," Harvey said.

Tonight's meeting is sponsored by the local group; it is open to the public and there is no admission charge.

The entertainment will be a movie of the Seattle Fair.

NASA Names Nine More as Astronauts

(Continued From Page One)

Patterson Air Force Base, Ohio.

The Navy officers are: Lt. Charles Conrad Jr., 32, a native of Philadelphia, a safety officer for Fighter Squadron 142. His station was not specified. Lt. Cmdr. James A. Lovell Jr., 34, a native of Cleveland, Ohio, a flight instructor and safety officer at the Naval Air Station at Oceana, Va.

Lt. Cmdr. John W. Young, 32, a native of San Francisco, maintenance officer for Fighter Squadron 53 at the Naval Air Station, Miramar, Calif.

The seven project Mercury astronauts selected in April 1959 included three Navy officers, three Air Force pilots and one Marine pilot.

The average age of the new astronauts is 32.5 years, as compared with 34.5 for the 1959 group at the time of their selection.

Gilruth said selection of the nine test pilots today culminates six months of extensive evaluation of qualifications of 253 volunteers, from among military and civilian applicants.

A medical examination and other preliminary tests cut the group of candidates to 31. During July and August, the 31 were given comprehensive medical examinations.

During the week of Aug. 12, the 31 were brought to the spacecraft center here and given a final evaluation through a final series of examinations, tests and interviews.

Gilruth said there were five basic qualifications for final selection:

Experience as a jet test pilot, preferably presently engaged in flying high-performance aircraft.

Experimental flight test status, attained through military service, the aircraft industries for NASA, or possession of a certificate of graduation from a military test pilot school.

Possession of a degree in physical or biological sciences or engineering.

U.S. citizenship, age less than 35 at the time of selection and height 6 feet or less.

Recommendation from the individual's organization.

The new astronauts were born in seven states—two each from Ohio and Texas and one each from California, Indiana, Pennsylvania, Illinois and Oklahoma.

The Project Mercury astronauts selected in 1959 were born in Colorado, Oklahoma, Ohio, Indiana, New Jersey, New Hampshire and Wisconsin.

Gilruth did not indicate how much training will be necessary before any of the new astronauts can make an actual space flight.

He said assignment to flight crews will depend upon the continuing physical and technical status of the nine and upon the future flight schedule requirements.

"The new flight test personnel will, however, have an important role in the manned spacecraft program, in addition to any flight participation," Gilruth said.

"This role will include contributions to the engineering designs, to the development of future spacecraft, to the monitoring of flights and to the development of advanced flight simulators."

Trinity Observes First Year in New Church

Trinity Methodist at 19th and Henderson Streets is observing its first birthday in their new church building today.

Since its consecration a year ago Trinity has increased sharply in membership and progress. Complete painting has been accomplished by the Mens Club plus one-half of the tile laying which will be finished during September.

Other completed projects include drapes, sidewalks, and installation of a new Hammond organ with stereophonic speakers. New metal folding chairs, supply cabinets, combination banquet tables, and new choir robes for the church and children's choirs have also been added.

Memorials include a hand wood carving of the "Lord's Supper," a bookcase, and donations toward church pews.

Future projects include the installation of the rest of the pews, sanctification, and completion of the second church increment, inclusive of the education building and chapel.

Listed as the oldest church organization in the state, Trinity's lineage dates back to 1860 when the church started as an after-thought of a public hanging. It was after this incident that the Revs. W. Howbert and H. H. Johnson called Colorado City's first church gathering.

Among Trinity's famed preachers were the Rev. John M. Chivington of Sand Creek fame and Rev. John Dyer whose book "Snowshoe Itinerant" gained national fame. Present pastor is the Rev. Sigurd E. Burch, Jr. who came to Trinity in June, 1960.

Italians Launch Large Ocean Liner

GENOA, Italy (AP) — The 43,000-ton Michelangelo, the biggest Italian ocean liner built since World War II, slid down the ways in this north Italian port Sunday.

The Michelangelo, 825 feet long with accommodations for 1,850 passengers and a crew of 720, is scheduled for service on the North American run by the summer of 1964.

A sister ship, the Raffaello, is under construction in Trieste.

Today's Weather

(Reports furnished by U. S. Weather Bureau Station at Peterson Field as of 5:30 a.m. today)

Two frontal systems, one over the southeast and the other stretching from southeast Michigan thru the Ohio Valley, the Texas Panhandle, painted a rather cloudy wet picture over much of the east and southeast.

Showers were scattered along the lower Great Lakes region into New York. Rain fell over a wide area from southern Pennsylvania into the Virginias, Carolinas, northern Georgia and eastern portions of Kentucky and Tennessee, with thundershowers scattered over parts of South Carolina, Georgia, Alabama and along the Florida coast.

Bristol, Tenn. picked up over one inch of rain in six hours while along the Gulf Coast, a thunderstorm dumped nearly three quarters of an inch of rain on Mobile in one hour's time.

A rather narrow band of showers and thundershowers erupted across northern Texas and over southern portions of Nebraska and Iowa with clear to partly cloudy skies prevailing from the Dakotas to the Western Great Lakes.

Temperatures in the east were generally in the 50s and 60s with the 70s common across the south-east. The cool dry 40s and 50s prevailed from the upper half of the plains to the western Great Lakes with the mercury dipping to the chilly 30s in portions of North Dakota.

Skies were clear over a major portion of the area from the Rockies to the Pacific, although some morning cloudiness developed over the southern and central California coast.

Morning temperatures across the northern Rockies and plateau regions were in the 30s and 40s with the 50s occurring in central and southern sections.

Along the west coast, the mercury ranged from the 40s and 50s to the 50s and 60s in the south while the usually warm desert section logged the 70s and 80s.

Mrs. Thelma Little Completes CD Course

Mrs. Thelma E. Little of Old State Road, who is administrative aide for El Paso County and Colorado Springs Civil Defense, has just completed a special civil defense course in the Department of Defense, office of civil defense, staff college in Battle Creek, Mich.

This five-day course on Civil Defense management is one of several special courses offered by the OGD staff college and training centers.

The Civil Defense management course provides training in planning, organizing and managing a total civil defense program. Special emphasis is placed on fallout shelter planning and management.

Persons who receive this training are usually state and local civil defense directors or their deputies and key staff members.

Others who attend have direct supervision of a segment of civil defense in government, industry, institutions and the military services.

Minor Injuries For Two in Crash

Maxine Lucille Lowe, 43, of 3236 N. Cascade Ave., and Terry Ray Lowe, 4-year-old suffered minor injuries when the car in which they were riding struck a parked car Sunday morning in the 2400 block of East Willamette Avenue.

State Patrolman Albert L. Smith said the Lowe car was westbound on Willamette Avenue when it struck the car of Daniel D. Haster, 3406 E. Willamette Avenue, which was parked facing west.

Both injured persons were treated at Penrose Hospital and released, Smith said.

The report did not list the cause of the accident.

Trophy-Holding Unit to Take Bow at Reunion

A trophy-holding Army unit known for its own preparedness to perform all-weather intercepts of enemy aircraft will take a bow during the Night Fighters Association reunion in Las Vegas, Nev., Saturday.

Representatives of the Army's Rockville, Md., Nike missile unit will attend the awards luncheon during which the Air Force's outstanding all-weather fighter-interceptor squadron, the 44th Fighter Interceptor Squadron, Charleston Air Force Base, S.C., will receive the Hughes Achievement Award Trophy.

At the same time, the Night Fighters Association will present the Army Nike unit a scroll in recognition of achievements in air defense.

The Army unit is Battery A of the 1st Battalion, 71st Artillery, which won the Army Air Defense Command's 1962 Robert Ward Berry Memorial Trophy as the outstanding Nike Hercules unit in continental air defense.

The Berry Trophy is awarded annually to the Nike Hercules unit which demonstrates the highest level of proficiency in air defense operations. Nike Hercules missiles have demonstrated an all-weather potency which makes them the backbone of the around-the-clock target center defenses provided by ARADCOM, the U.S. Army component of the North American Air Defense Command.

NORAD is the theme of the Fighters Association reunion this year. Representatives of each of the multi-service, U.S. and Canadian North American Air Defense Command's components were invited to attend the awards luncheon, scheduled in the Versailles Room of the Riviera Hotel.

Major Gen. John T. Snodgrass, commanding general of 1st Region, ARADCOM, with headquarters at Ft. Totten, N.Y., in whose command the Berry Trophy battery is located, will head the ARADCOM delegation.

Others in the group will be the battery's commanding officer, Capt. Oliver S. Parker, senior platoon leader, 2nd Lt. John M. Farrell, and two enlisted senior crewmen, Sgt. 1 C. Ray L. Newman and Spec. 5 Jack L. Fleschman.

Open House Set For Olin Science Hall at College

Colorado College will hold open house in its new \$1,500,000 Olin Hall of Science Tuesday evening.

College officials said the public is invited to attend from 7:30 to 9:30 p.m. Guided tours will be conducted at evening.

The open house follows the dedication ceremony scheduled for 11 a.m. Tuesday. Dr. Charles L. Horn, president of the Olin Foundation, will deliver the dedicatory address.

Seventeen students majoring in the fields of chemistry, physics and zoology, have volunteered to conduct the tours. All have been thoroughly briefed on the new four-story structure, built under a grant from the Olin Foundation.

Those taking the tours will meet in the lounge of the glass-enclosed west wing. Tours will start on the ground floor which houses lecture rooms, research areas, service facilities and shops, shared by all departments in the building.

The tours will continue upward to the physics department on the second floor, the chemistry department on the third floor, and the botany and zoology departments on the fourth floor.

Students conducting the tours are: Emma Segel, junior; Max Taylor, senior; Robert Carlson, sophomore; Lee Ray, junior; Russell Sperry, senior; Thomas Bonnell, junior; William Ferguson, junior; Frederick Weidling, senior; and Michael Orem, junior. These students are all majoring in chemistry.

Zoology majors acting as guides are: Phillip Doerr, junior; Arthur Merrill, senior; Robert Pittaway, senior; Karen Hedblom, senior; Carol Howard, senior; and Donald Wolfgang, senior.

Gary Boncher and Arthur Dana, both seniors majoring in physics, will also be tour guides.

scribe for individual diseases.

RECURRING BONE INFECTIONS

Bone infections, osteomyelitis,
are not as serious as they were
prior to the discovery of penicil-
lin. Nowadays, most victims are
spared long periods of hospitaliza-
tion and fewer are left with dis-
figuring scars resulting from mu-
lating operations. Improvements
in technique also have helped pre-
vent recurrences.

Old-Fangled Remedy

B. G. writes: Will taking a tea-
spoon of Epsom salts in a glass
of water every day help arthritis?

THE third Tiro in the series of
weather satellites flashed reports
of five Atlantic hurricanes and
one typhoon in the Pacific in
1961. It detected Esther while that
hurricane was forming, two days
before reconnaissance aircraft lo-
cated it.

Television Programs

The Gazette Telegraph receives all information listed below
from the radio and television stations directly. This news-
paper cannot assume responsibility for the accuracy of any
of the listings since it is the common practice of all radio
and television stations to make last minute revisions with-
out conforming to newspaper headlines.

Keep Students Safe En Route

NEW YORK (UPI) — Teach "straight and narrow" path between home and school.

You'll save yourself many an anxious moment if you drill the rule into their noggin at the start of school, suggested Jean Kinkead, women's consultant to The Travelers Insurance Companies.

Here are tips to keep the children protected:

—Send the children to school and home by the same route. Follow it know exactly how long it should take them to walk and from school if there's any delay in arriving home, check into it immediately.

—Don't let the children come home alone after dark. Instead arrange to meet them.

—Know who their playmates are and where they congregate. Tell the children to report to you on any attempts by unknown adults to talk to them or to approach them.

—Tell them never to get in a car or accept a gift from anyone without your express permission.

—Check into school insurance that protects your children against accidents. Many schools have group insurance plans that cover classroom and playground activities.

Tense! Nerves Block! Bowels

New tonic-tablet laxative acts directly on tense colonic nerves... de-constipates overnight.

The walls of your colon contain nerves known to medicine as *Auerbach's Plexus*. In regular people, these nerves tell the colon muscles to propel and expel waste from the body.

But, when you're tense, these nerves telegraph too many contracting or squeezing impulses. Then your colon muscles bend dry, shrunken colon contracts in a powerful, unrelenting grip.

Relief, doctors say, lies in the non-irritating, de-constipating principle of a new tonic-tablet called *Colosaid*. Of all laxatives, only *Colosaid* gives you its special 2-way overnight relief for tension-caused constipation.

(1) *Colosaid* stimulates your colonic nerve centers to activate and regulate its muscular "movement."

(2) *Colosaid*'s unequalled re-building action re-tones tense colon muscles.

(3) *Colosaid* moisturizes for easy passage without pain or strain.

Colosaid relieves even chronic constipation overnight, is so gentle it was hospital-proved safe even for expectant mothers. Get *Colosaid* today. INTRODUCTORY SIZE 43¢.

ANSWERS TO BRIDGE QUIZ

Q. 1—As South you hold: Spades, A-6-4; Hearts, 7-5; Diamonds, Q-8-4-3-2; Clubs, 10-9-5.

Your partner opens with one spade. What is your response?

A—One no trump. Although the hand appears to contain the elements of a single raise, it will be seen that it is worth only six points in support of spades, and one point must be deducted for only three trumps. However, it comes within the limits of a one no trump response and that is our choice. It may be possible to show the spade support subsequently, if partner bids again.

Q. 2—As South you hold: Spades, A-J-10; Hearts, A-10-8-3; Diamonds, A-Q-7-6; Clubs, K-J. The bidding has proceeded: South West North East 1 Hrt Pass 2 Clubs Pass 3 Hrts Pass 3 N.T. Pass

What do you bid now?

A—Three no trump. When partner is able to project the bidding into the two level, game is assured and there is a fair chance for even bigger things. In order to alert partner to the possibility of an immediate display of strength is recommended. If North has anything extra, he will proceed.

Q. 3—As South you hold: Spades, J-5; Hearts, A-K-10-4-7-4; Diamonds, 3; Clubs, A-10-6-5. The bidding has proceeded: South West North East 1 Hrt Pass 3 Dia Pass 3 Hrts Pass 3 N.T. Pass

What action do you take?

A—Four clubs. With this sound hand and in view of partner's vigorous response, South must make an effort toward slam. The suggested call is four clubs. If too good to be true, West should then bid four diamonds, South should bid four

hearts. Subsequent action would depend on course on North's bid at this point.

Q. 4—As South you hold: Spades, J-3; Hearts, 10-6-2; Diamonds, A-K-J; Clubs, Q-J-7-6-5. The bidding has proceeded: North East South West 1 Spd Pass 2 Clubs Pass 2 Hrts Pass 2 N.T. Pass 3 Clubs Pass

What action do you take?

A—Three no trump. No doubt partner has a singleton diamond, but this should not deter you inasmuch as your protection in that suit is so strong. A nine trick contract should prove easier than a minor suit game.

Q. 5—As South you hold: Spades, A-Q-J-9-8; Hearts, A-K-Q-9-6-2; Diamonds, 8-3. The bidding has proceeded: South West North East 1 Hrt 2 Dia 2 N.T. Pass 3 Spds Pass 3 N.T. Pass

What action do you take?

A—Four spades. This is preferable to a bid of four hearts. Since partner has covered West's diamonds bid, chances for slam are very good. The rebid of spades will apprise partner that you have a 6-5 holding and will induce him to go on if his values are not concentrated in the club suit. That is, he has the right kind of diamonds and spades.

Q. 6—As South you hold: Spades, A-K-Q-7-6; Hearts, 7-6; Diamonds, A-2; Clubs, K-10-9-4. The bidding has proceeded: South West North East 1 Spd Dbl Redbl 2 Clubs

What action do you take?

A—Double. This seems almost too good to be true. West is probably in an experimental frame of mind and no thought should be given to such petty matters as trying for game.

Q. 7—As South you hold: Spades, 4; Hearts, A-10-6; Diamonds, A-Q-8-7; Clubs, K-Q-10-4. The bidding has proceeded: South West North East 1 Dia 1 Spd 2 Hrts Pass

What do you bid now?

A—Three clubs. While you have adequate heart support a further

Like Good Fish? Then Skin Them Right!

By GAYNOR MADDOX
Newspaper Enterprise Assn.

Whether the millions of fresh water fishermen cook their catch on streamside or bring it home, how they prepare the fish is important.

We asked our experienced Maine friend, Bob Elliot, to explain. Nationally known for his books and articles on hunting and fishing, he is with the State of Maine's Department of Recreational Promotion. He told us:

"Yes, preparation of fresh water game fishes is almost more important than the cooking. Land in which the partnership is known to have eight trumps, is clearly indicated. However, it is our belief that South gives himself an extra moment. Salmon and heavy lake trout three clubs. He knows that in are quite oily, but removing the hearts and clubs North has only skin this way eliminates most of two cards. If he has one of each, the fish which lie under the skin he will naturally return to three diamonds which South will pass, for or after splitting the fish similarly if he has two clubs. But open for cleaning. Indeed, it is if he happens to have two hearts easier to skin the fish first and no clubs he might be induced. Then fillet it by slicing along both sides with a thin, 'sharp' knife. The fillets may be fried in deep fat, broiled over glowing coals outdoors, baked with stuff

ing, or used in a fish chowder.

"Black bass, big white perch and similar fish should be skinned without scalding, simply by cutting out (not off) the fins and making a V-cut along the backbone. By gripping the skin firmly after cutting, with knife and thumb and forefinger at the nape, the heavy, scaled skin may be ripped off in one quick motion. Then, fillet and cook.

"To repeat, the most essential thing in preparing fish—get the fat off by skinning. When necessary, add butter or salt pork to replace the strong natural fats.

"Eastern brook trout and small brown or rainbow trout may be cooked with skin on."

Mrs. Frost to Entertain
Pi Phi Alumnae Thursday
Pi Beta Phi Alumnae will meet for luncheon at 1 p.m., Thursday, at the home of Mrs. Jon Frost, Fountain Creek Ranch. Members and new Pi Phi alumnae in the area may call Mrs. James H. Keener, ME 2-9617, for directions to Mrs. Frost's home.

Dear Abby--

By ABIGAIL VAN BUREN

He's a Fast Worker

Dear Abby: My husband is a traveling salesman and makes a very good living selling on the road. His weakness is young girls, and in 18 years of marriage this is his third jam. A girl in Iowa claims he got her in trouble. He says he isn't sure he is responsible as he saw her only once. We have five children and my husband is 47. If this is made public it could cost him his job. How do we get out of this mess without having it in all the papers? —JERSEY

Dear Abby: You need a lawyer! And your husband may have another mouth to feed, so he had better start making more calls and fewer stops.

Dear Abby: I answered an ad in the newspaper and am now having second thoughts about it. A retired gentleman, 62 and semi-invalid, advertised for an unmarried woman between 30 and 45 who could drive a car and travel with him. It further stated that she must have a pleasant personality and dress well. He requested that she enclose a recent photograph of herself. The position, it stated, paid very well and was a pleasure for the right woman. How can I check up on this man if he decides to hire me? —AVAILABLE

Dear Abby: Ask the gentleman to furnish character references on himself. If he is honorable, he won't object. If he is not,

Job's Daughters to Meet

Pokes, Lobos May Decide WAC Title This Saturday

THE ASSOCIATED PRESS handle BYU. The Cougars opened a new season last week with a dismal showing, losing to the winner in a 26-7 loss to Pacific University. The Cougars are the only team in the Western Athletic Conference football championship. Utah puts its passing game up against the Big Eight Colorado Buffaloes, and unless quarterback Brigham Young University at Cravens are on the Redskins will have real trouble.

Arizona State, with tremendous speed but an inexperienced line, is a slight favorite over Wichita State because the Missouri Valley Conference team was upset by Louisville last Saturday, 21-20.

Palmer Lake Area

By Marian McIntyre McDonough GR 5 2323

The Columbian Circle of the Little Log Church began its seventh year with a meeting Sept. 11. Twelve young women attended the organization meeting. The group is dedicated to helping the church. Projects have included the purchase of the choir robes, the installation of the triple sink in the kitchen and buying glassware, china and silver to serve 100 people. They also did the semi-annual to home and foreign missions and provide the nursery during church services. Members and officers will welcome any new women in the church and also the younger married women. The group meets at 7:30 p.m. on the second Tuesday evening of each month in Fellowship Hall.

Mr. and Mrs. Jack Phillips of Winnipeg, Canada, who recently visited the Edward Roesskens, are now on their way to visit friends in California. Mr. Phillips and Mr. Roesskens have been corresponding by tape for the past eight or nine years.

The Roesskens recently entertained at a picnic supper, followed by the showing of home movies and slides to members of Mrs. Roesskens' rug hooking group and their husbands. Present were Mr. and Mrs. Kenneth Hinshaw, and Mrs. L. L. Latham of Colorado Springs, Mr. and Mrs. Tom Hafer, Mr. and Mrs. R. F. Purcell and Mr. and Mrs. E. Royce of Palmer Lake.

Mrs. Eugene Hill and Miss Deborah Hill of Normal, Ill. have been houseguests this last week at the home of M. Scott Carpenter. They left Wednesday.

A group of women from the area attended the Republican meeting held at the Antlers Hotel on Thursday afternoon. Among them were Mrs. Walter Clausen, Mrs. Tom Hafer, Mrs. M. Scott Carpenter and Mrs. Carl Duffner.

The Home Demonstration Club Workshop will be held on Wednesday, at the home of Mrs. Douglas Eisenman in Red Rocks. Plans will be made for Arts and Crafts Day Oct. 26 in Colorado Springs. Bring gift items that are different or ideas for Christmas presents. Don't forget a sack lunch. The hostess furnishes coffee. Newcomers are urged to come and join this group.

Mrs. Mary Liming and Mrs. Harold Higginson are the hostesses for the Palmer Lake Historical Society meeting at 8 p.m. Thursday, at the Town Hall W.T. (Doe) Little of Colorado Springs will talk on the history of Canon City. Little's grandfather was the first mayor. Following the program, refreshments will be served. The public is invited.

Italian Driver Killed In Accident at Monza

MONZA, Italy (UPI)—Marcello de Luca, an Italian driver, died Sunday night at Monza Hospital from injuries suffered during a junior car crash earlier in the day. De Luca's car collided with another car.

Social Democrats Winners in Sweden

STOCKHOLM, Sweden (AP)—Premier Tage Erlander hailed today the victory of his Social Democratic party in Sunday's municipal elections, saying the government's position is now stronger than ever.

Deaths and Funerals

MISS MRS. HARRIET W. Foss, 68, of 1225 St. Francis, died Sunday evening at a local hospital. Arrangements by (Swan) Funeral Home.

HULTGREN—Mr. Peter A. Hultgren, 716 N. Walnut, graveside services Wednesday, Tuesday 2 p.m. at St. Peter's Church. Friends may contribute to the Shrine Children's Hospital. (Swan)

WEST—Mr. Charles E. West, 405 S. 1st, died Sunday evening at a local hospital. Arrangements by (Swan) Funeral Home.

LORENTZEN—Mr. Joseph P. Lorentzen, 610 N. Cascade Ave., died Sunday evening at a local hospital. Private services Wednesday, Tuesday 2 p.m. at St. Peter's Church. Friends may contribute to the Shrine Children's Hospital. (Swan)

SEIBERT—Mrs. Helen Seibert, 432 S. 1st, died Sunday evening at a local hospital. Arrangements by (Swan) Funeral Home.

IN MEMORIAM

In loving memory of my dear wife and our dear mother, Annie Mattia, who passed away four years ago today, September 17, 1958.

IN OUR HOME she is fondly remembered. Sweet memories cling to her name. Those who loved her in life, still love her in death. Just the same.

Sympathy in flowers. Say it with flowers. Joe Loveless

Market Goes Up Portion of Point, Gains Are Spotty

NEW YORK (AP)—Spotty strength pushed an irregular stock market slightly to the upside in moderate trading early this afternoon.

The Associated Press average of 60 stocks at noon was up .4 at 24.0, with industrials up .9, rails up 1 and utilities unchanged.

Some of the chemicals, aerospace issues, and motors helped industrials to show a gain on balance. Drugs tended to back off slightly amid news affecting some of these companies.

The pattern was narrowly uneven among utilities, rails, and airlines. Rubbers and nonferrous metals showed a slightly lower trend as did steels. The steel industry was reported to show no signs of a pickup.

Although new car sales were 29 per cent of the year ago level in early September, they ran at the lowest level of 1962, reflecting the usual slump at the end of the model year.

Among the motors, Chrysler was outstanding with a gain of well over a point as it recovered part of last week's loss. American Motors was active and up a fraction. General Motors, Ford, and Studebaker were fairly steady.

Polaroid, last week's most active issue, IBM, and Xerox all added about 4 points.

Bearing, up a point, was about the best in the aerospace section. United Aircraft, General Dynamics, and Douglas Aircraft rose fractionally.

Zenith was a point gainer in the electronics group. Up fractionally were Radio Corp., Avco, and Raytheon. Cutler-Hammer rose 1/4 to 54 1/2 on a block of 12,500 shares.

In early trading Gulf Oil was down 1/4 at 35 1/2 on 11,000 shares trading at the same price later. Flizer was off 1/2 at the start but pared the loss to a fraction. American Home Products was steady and American Cyanamid showed scant change. These companies produce Sabon Type III polio vaccine. It was reported that some states have decided to discontinue use of this type of vaccine.

In early trading Richardson-Merrell was off a point following word that a number of lawsuits have been filed against the company for alleged damages from the use of certain of the company's drugs. Most of the loss was erased by early afternoon. The company reported record earnings for the year ended June 30.

The Dow Jones industrial average at noon was up 1.54 at 607.38. Prices were irregular in quiet trading on the American Stock Exchange. Gains of about a point were made by Kaufman & Broad Building and by Genung's. Up fractionally were Associated Oil & Gas, BVD, Consolidated Oil & Gas, Royalty, and Lucky Friday. Fractionally lower included Gulf American Land, Electronic Assistance, American Petroleum, A. Mead Johnson, ND Industrial Controls.

Corporate and U.S. Government bonds were mixed.

Knicks Buy Back Luyk From Chicago Zephyrs

NEW YORK (UPI)—Cliff Luyk, who was traded to the Chicago Zephyrs by the New York Knicks, was bought back by the Knicks. Luyk, who was traded to the Chicago Zephyrs last week, has been repurchased by the Knicks. Luyk, the Knicks' No. 4 draft choice from Florida State, went to Chicago with Phil Jordan in exchange for Gene Conley.

Colts Honor Donovan With Cadillac, Gifts

BALTIMORE (UPI)—Art Donovan, who recently retired from the Baltimore Colts, was presented with a Cadillac and many other gifts by fans before Sunday's Colts-Los Angeles Rams game. In honoring the former tackle the Colts retired his No. 70 jersey.

SUNFISH SLAIN

NEPTUNE CITY, N.J. (AP)—A "shark" in the Shark River that residents shot at with every weapon available was found dead on a mud flat Sunday. Police said it was a sunfish, weighing 330 to 400 pounds.

WATERBURY, Conn. (AP)—"Toughest pitcher I ever faced" was Bob Feller, said Ted Williams on a visit here. "Ken Chase of Washington back in the early 40s was tough. So was Willis Hudlin, Spud Chandler, Bob Lemon, Whitey Ford and Joe Page. And Ed Lopat's junk gave me trouble."

They were breaking ball or sinker ball pitchers and they gave me trouble. Normally, I hit fast ball pitchers pretty well. Fellows like Red Ruffing, Johnny Rigney, Virgil Trucks and others."

DEVIL DANCER—Straw-dad native represents a group of "devil dancers" in Salama, Sierra Leone, West Africa.

BAGHDAD, Iraq AP—Interior returned to the state under the Minister Mohammed Yehya says agricultural reform law will be that within two years all lands distributed among peasants.

By TED LEWIS

Washington—In view of the fact that this was an essential of the plan, the present Cuban mess, it would seem that all smart Democrats looking toward the November election would prefer to have the Bay of Pigs fiasco buried in the past to reveal the total blow. That rather than resurrected by one of the President Kennedy's most loyal rebels, the CIA fiasco of the invasion, Sen. Vance Hartke, D-Ore., said that our agents had reason to believe that the necessary revolution two bits worth about who was not would immediately follow a really to blame for the invasion landing.

But Hartke has now offered his hope that the necessary revolution two bits worth about who was not would immediately follow a really to blame for the invasion landing.

But Hartke has now offered his hope that the necessary revolution two bits worth about who was not would immediately follow a really to blame for the invasion landing.

MICHAEL E. GEORGE

Pvt. George Ends Marine Training

Marine Pvt. Michael E. George, 25, of 125 E. St., has completed his recruit training at the Marine Recruit Depot, San Diego, Calif. He had 11 weeks of training, including physical conditioning, the history of the mission of the Marine Corps, customs and courtesies, hygiene and sanitation and basic military subjects.

Following recent training, the Marine Corps report to Camp Pendleton, Calif., for military training.

George's son, Mr. and Mrs. Earl E. George, 125 E. St., has completed his recruit training at the Marine Recruit Depot, San Diego, Calif. He had 11 weeks of training, including physical conditioning, the history of the mission of the Marine Corps, customs and courtesies, hygiene and sanitation and basic military subjects.

Texans Plan To Seek Cuban Share of Sugar

HEREFORD, Tex. (UPI) — A four-man delegation representing Texas sugar beet growers will go to Washington next week to try to get some of the old Cuban sugar allotment transferred to Texas.

The delegation will tell a U. S. Department of Agriculture hearing Sept. 25 that Texas farmers in the Panhandle and High Plains have pledged 70,000 acres of sugar beet use and that a Colorado sugar company has promised to build a \$20 million mill at Hereford.

Purpose of the hearing will be to determine which of 16 competing areas across the United States will get a 65,000-ton sugar beet allotment for 1964.

Part of the allotment will be based on the sugar allotment held by Cuba before Fidel Castro took over. The rest would come from a portion of the new sugar acre passed on in July that provides a "growth" allotment to new beet-growing areas.

Sugar beets are not grown extensively in Texas. There is some beet production in the Hereford area, but most of the crops are used for cattle feeding and are not processed into sugar. Much of the sugar production for beets is centered in Colorado.

James Witherspoon of Hereford, legal counsel for the Texas sugar beet growers' association, said Saturday that more than 700 farmers in the Texas counties of Potter, Randall, Deaf Smith, Castro, Olden, Bailey, Hale, Swisher, Lamb and Lubbock, as well as in Curry County, New Mexico, have pledged 70,000 acres of land for beet growing.

The Hereford Sugar Corp. of Colorado Springs, told the Panhandle area farmers July 14 it had completed plans for building a plant at Hereford which would process and refine beets and package and label sugar.

The Texas delegation, which will be composed of Witherspoon, Lee Benefield, and Henry Sears, all of Hereford, and Bob McLean of Dimmitt, will be competing with delegations from North Dakota, Nebraska, Maine, Kansas, Wyoming and other states at the USDA hearing.

Whatever area is given the allotment will need only about 30,000 acres to produce the allotted 65,000 tons of beets. The 70,000 acres pledged by the Texas and New Mexico farmers was an effort to show the area's interest by exceeding the minimum requirement.

The Texas delegation and the Hereford company will work together to get the allotment by citing various advantages of the Texas-New Mexico area.

If the allotment is granted to the Panhandle area, many farmers who have been growing grain sorghum, vegetables or sugar beets for farm use only will switch to commercial sugar beet production. Each acre yields about 20 tons of raw sugar beets and about 2 1/2 tons of processed sugar.

usual position. Along with Britain's pound sterling, the dollar is a "reserve currency" internationally acceptable as a substitute for gold.

If the steady postwar outflow of dollars from the United States is halted next year, this country no longer will be adding dollars to the monetary reserves of other countries. In that event, year-to-year increases in the total reserves of the non-Communist nations would be limited largely to newly mined gold.

This potential problem would require major adjustments in the international monetary and trade financing system.

Author Hartke recalls how on May 31, his birthday, he was "invited to the President's office."

THE CATHOLIC AND THE LUTHERAN "After some 30 minutes of discussion, he (the President) looked at his watch, apologized for breaking the meeting and added: 'I have to go to mass. This is Kennedy's, 'My answer is a Ascension Day,' he explained. 'Yes, we do,' I told him. 'We Missouri Synod Lutherans have much that is close to Catholicism.' 'The more I learn about all religions, the more, alike they seem,' he commented as we went out of the White House together."

glimpses of the Hartke-Kennedy relationship that are worth reporting.

PATRICK SHOOK

Shook Completes Marine Training

After an 11-week course, Marine Pvt. Patrick E. Shook, son of Mr. and Mrs. Earl E. Shook, 1012 N. Walnut St., has completed his recruit training at the Marine Recruit Depot, San Diego, Calif.

Three weeks were spent on the rifle range where recruits fire the M14 rifle and receive instruction in firing the 45-caliber pistol.

Shook's son, Mr. and Mrs. Earl E. Shook, 1012 N. Walnut St., has completed his recruit training at the Marine Recruit Depot, San Diego, Calif. He had 11 weeks of training, including physical conditioning, the history of the mission of the Marine Corps, customs and courtesies, hygiene and sanitation and basic military subjects.

Following recent training, the Marine Corps report to Camp Pendleton, Calif., for military training.

Night Fighter Association To Honor Crack ADC Units

Air Force air defense professionals who man weapon systems of the Air Defense Command will be honored this week by the Night Fighter Association meeting in Las Vegas, Nev.

Four crack ADC operational units representing East and West Coast air defense missile and radar forces have been selected to receive Night Fighter Association achievement awards for air defense.

The ADC units selected represent BOMARC IM-99 Interceptor Missile, aircraft control and warning, RC-121 airborne early warning and control, and SAGE direction center operations.

The ADC units are 30th Air Defense Missile Sq (BOMARC), Dow AFB, Me., commanded by Lt. Col. William C. Barnes. The 30th is part of the Bangor Air Defense Sector, 28th Air Division (SAGE).

72nd Radar Sq (SAGE), North Charleston AFS, S. C., commanded by Lt. Col. James W. Knisely of Toledo, Ohio. The 72nd is part of the Washington (DC) Air Defense Sector, 28th Air Division (SAGE).

RC-121 crew C-1 of the 963rd Airborne Early Warning and Control Sq, based at McClellan AFB, Calif. Capt. Robert L. Lee is aircraft commander. The 963rd supports the west coast over water radar surveillance mission of the 52nd AEW&C Wing, 28th Air Division (SAGE).

San Francisco Air Defense Sector, 28th Air Division (SAGE), commanded by Brig. Gen. Carroll W. McColpin from Sector Headquarters at Beale AFB, Calif.

ADC units were selected on the basis of operational performance standing. The BOMARC Squadron at Dow AFB has an outstanding 18 month record in missile sale, maintenance and tactical deployment. The 72nd Radar Sq provided near perfect GCI (Ground Control Intercept) in this year's Hughes Trophy winner — ADC's 44th Fighter Interceptor Sq — during competitive tactical evaluation scoring.

RC-121 crew C-1 of the 963rd AEW&C Sq outperformed all other RC-121 crews performing long over water radar surveillance sweeps off both coasts.

The San Francisco Air Defense Sector SAGE Direction Center is a recent winner of ADC's "A" achievement award for operational excellence in direction center operations.

Representatives of the ADC honor units will be guests at the Night Fighter Association reunion being held this week in conjunction with the Air Force Association Convention in Las Vegas.

The Night Fighters this year will present air defense achievement awards to operational elements of Air Force, Army, Navy, Air Force Reserve, and RCAF components of the North American Air Defense Command.

The Night Fighter group is made up of military and civilian airmen with a background and interest in all weather air defense operations. The association held its first reunion in 1950, and the traditional annual gathering has been held each year since.

A highlight of the annual program is presentation of the Hughes Trophy to the top Air Force fighter interceptor squadron. This year's trophy will be presented by ADC Commander Lt. Gen. Robert M. Lee to ADC's 44th "Johnny Revere" Night Fighter Association Squadron of Charleston AFB, S. C.

Gen. Laurence S. Kuter, USAF Ret., former NORAD commander in chief is scheduled to speak at this year's awards gathering.

ADC Command Chaplain Reports at Ent

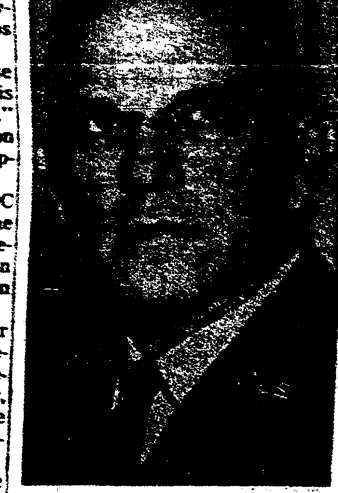

Chaplain (Col.) Palmer P. Pierce recently reported to the Air Defense Command at Ent AFB to assume the position of ADC Command chaplain. He replaces Chaplain (Col.) John J. Wood, who retired from the Air Force last month.

Chaplain Pierce comes to his new job from Germany where he served as staff chaplain for the 17th Air Force.

A graduate of the Lutheran Theological Seminary, Columbia, S. C., Chaplain Pierce was ordained in 1957. After serving in South Carolina as pastor of various churches, he was commissioned a first lieutenant and called to active duty in 1941. His overseas assignments include Hawaii, Korea, Japan and Germany.

Promoted to colonel in 1951 he has served in a number of important staff chaplain positions. These include command chaplain of the Tactical Air Command and Air Training Command and in the Chief of Air Force Chaplains' Office in Washington, D. C.

When asked why he chose an Air Force career, Chaplain Pierce replied, "I like working with men."

CHAPLAIN PALMER PIERCE

Chaplain Pierce is married and the father of three children. He enjoys sports, gardening and music.

Staff Officers To Address Service Clubs

Five top staff officers of Air Defense Command headquarters and 9th Aerospace Defense Division at Ent AFB will address Colorado Springs Service Clubs Tuesday on the occasion of the 15th anniversary of the Air Force.

Basing their remarks upon the anniversary, the five colonels will develop their remarks around aerospace defense as it stands today.

Leading off the day of speech making will be Col. George W. Williams, director of operations who will talk to the Optimist Breakfast Club at Ruth's Oven restaurant at 7 a. m.

Col. Joseph Myers, assistant deputy chief of staff for personnel, will address the regular noon luncheon meeting of the Knights of the Round Table at the Embers Restaurant, and Col. Chester H. Morgan, director of advanced plans and future developments, deputy chief of staff for plans, ADC, will be guest speaker at the Lions Club meeting at the Acacia Hotel.

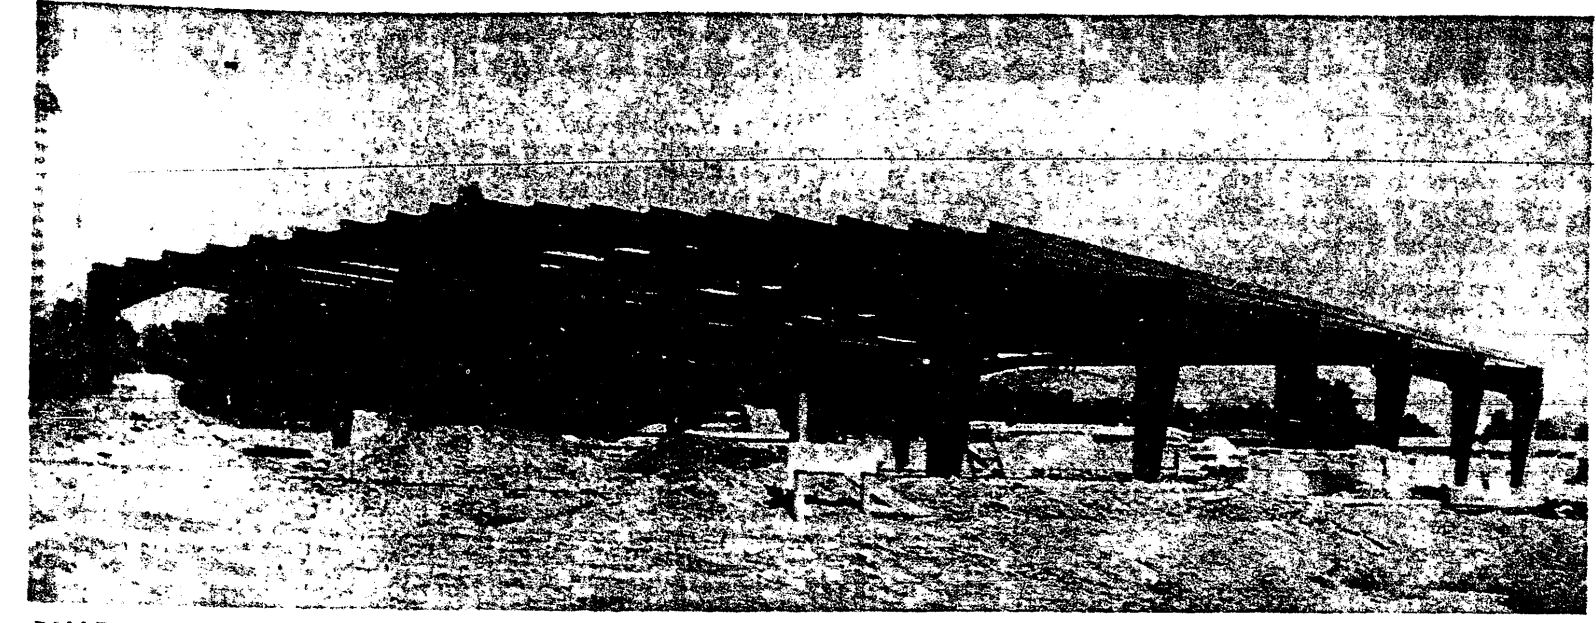

The Rotary Club of the East Side will hear Col. I. Rossotti, director of logistics plans, deputy chief of staff for materiel, ADC. The organization meets at the Peak View Country Club.

Lt. Col. Murray A. Wiener, director of plans and policy, 9th Aerospace Defense Division, will address the Soroptimists at the Antlers Hotel.

Genevieve Markins Gets Science Degree

Genevieve M. Markins, 3011 Country Club Dr., was awarded her master's degree in science in the 1962 summer session at Purdue University, Lafayette, Ind.

She was one of 600 students completing their work for degrees in the summer session and one of 371 to receive a master's degree.

ROLLER RINK GOING UP — Work is proceeding at a substantial pace in construction of the Roll-O-Rena at 2903 N. Prospect St. The 80 by 200-foot building is being constructed by Colorado Steel Development Co., and will be leased to Delmar Jones, who also owns Skateland on West Colorado Avenue. The rink is expected to be ready for use sometime after Nov. 1. (Gazette-Telegraph Photo)

Mariner II Speeds Toward Rendezvous With Venus

By DICK MOORE

Knifing thru the blackness of space, Mariner II speeds toward a December rendezvous with the planet Venus. The spacecraft, now millions of miles distant from earth, is traveling at more than 6,000 miles an hour. Aimed along the path of the Venus orbit, solar gravity will increase the missile's speed to 90,000 miles an hour at the time it hurtles past its objective.

Mariner II is 12-foot long, weighs 446 pounds, and carries 40 pounds of scientific equipment designed to probe the Venusian atmosphere during the 30-minute interval it attains a 9,000-mile proximity of the planet.

The spacecraft's microwave and radiometer will scan the planet's atmosphere at wavelengths of 13.5 and 19 millimeters, absorbing energy that can reveal the presence of water vapor and also determine the planet's surface temperature.

Water vapor absorbs energy at the 13.5 wavelength and the 19 millimeter sensor will discern whether the edge of the Venus disc is brighter than the disc center. If the planet shows frequencies, scientists will know the temperature is due to a dense atmosphere. A limb darkening by comparison will mean the planet's surface is hot.

The infrared radiometer with which the spacecraft is equipped, will take simultaneous light measurements at wavelengths of 8.5 and 10.5 microns, which may clear up the mystery of the planet's dusky markings: showing whether such markings are actually holes in what appears to be a solid cloud formation around the planet.

Other experiments are destined to explore magnetic fields in interplanetary space near Venus. The magnetic readings will be monitored by a three-axis fluxgate magnetometer sensitive to magnetic fields 100,000 times weaker than earth's.

In addition, three other deep space experiments are designed to measure the number and intensity of energetic particles in space near the planet, and also to measure the flow and density of solar plasma as well as the flux and momentum of cosmic dust particles.

At the time of the spacecraft-Venus rendezvous, the planet will be approximately 36 million miles distant from earth.

Altho Venus, with the exception of the moon, is our nearest neighbor in space, less is known about it than about the planet Mars because the Venusian surface is constantly concealed from our view by dense atmosphere.

Scientific, earth-based instruments have failed to analyze with any degree of certainty the contents of the Cytherean air, so man must probe the planet, with missiles to gain information about the planet before humans attempt the journey.

Venus has intrigued the minds and imaginations of men since earliest times. Shining like a brilliant diamond etched against the velvet jewel box of the night sky, it was once thought to be two stars: Hesperus, star of morning, and Phosphorus, star of evening.

Later, a planet not a star, a satellite of our sun with an orbit inferior to earth.

The mean distance of Venus to the sun is 67 million, 200,000 miles, compared to earth's 93 million miles. Its orbital velocity is 21.7 miles per second; earth's is 18.5. The Venusian year has been measured at 224 earth days, 16 hours and 48 minutes. Its closest approach to earth is 24 million, 600,000 miles; 10 million

Driver Hits Five Parked Cars Sunday

A vehicle driven by Jimmy L. Conaster, 22, of 516 N. Swope Ave., went out of control and struck five parked cars in the 1000 block of South Weber Street, early Sunday morning.

Police Officer Quintin Contad said the Conaster car failed to make the curve at the intersection of Mill and Weber Streets and sideswiped the parked vehicles before coming to a halt.

Conaster said the Conaster car, a 1960 model, was demolished, but slight damage was done to the other cars.

Conaster told Contad that he consumed seven beers prior to the accident, and that three companions with him in the car at the time of the accident fled from the scene.

Conaster was ticketed for reckless driving.

Denver Chief Speaker for Fall Session

The fall retraining session of the Rocky Mountain Chapter of the National Academy Federal Bureau of Investigation Associates was held during the week end at the Wildhorn Ranch near Florissant, Assistant Police Chief Oren Boling announced today.

Keynote speaker at the meeting was Denver Police Chief James Slavin, who spoke on the subject of supervisory functions in police service.

Other speakers at the session included: Scott J. Werner who spoke on crime trends and new techniques in law enforcement; James F. Shumate, interesting items and techniques from the IAI Convention; Guy F. Van Cleave, and Karl M. Johnson, proposed legislation relative to the State Training Academy.

Firearms training held at the Wildhorn Ranch during the session was conducted by Harold C. Cook.

Colorado Springs Police Lt. Harold Davis captured permanent possession of a bronze loving cup trophy by winning the third leg of the practical pistol course conducted at the sessions.

Colorado Springs police officers attending the special sessions of the meeting were Police Chief Cecil J. McKissick, Lieutenant Harold Davis, Assistant Police Chief Oren Boling, Detective Lt. Jess Garred, Detective Sgt. Lewis Heinz, and Captain of Detectives Joseph O'Donnell.

The majority of the police force and their families attended the banquet Saturday night.

Local Volunteers Assist With Fort Lyon Event

Volunteer organizations in Colorado assisted with conducting a carnival for the veterans patients at the Veterans Administration Hospital, Fort Lyon on September 8.

This was the eleventh annual carnival planned by the Fort Lyon recreation section and sponsored by organizations represented on the hospital's voluntary services committee. 22 men and women volunteers from sixteen Colorado communities operated thirty-one game booths at the carnival, and escorted wheel chair patients to the carnival midway.

The organizations also provided a large selection of carnival prizes for the men. Volunteers from Colorado Springs who participated at the Fort Lyon carnival were: Disabled American Veterans Auxiliary; Mrs. Lois Hoyt, Mrs. Betty Lou Haines, Mrs. Wilma Dene, Mrs. Ann Mattson, Mrs. Myra Evans, Mrs. Dorothea Smith, senior vice commander of the Department of Colorado, and Mrs. Letha Wright, VAVS representative.

Disabled American Veterans: Jack Hoyt, Commander, Kay Dene, George W. Wright, Roy Evans, Fred Frank, Jr., Russell Neher, F. R. Pribble, Henry J. Neisses, Ben McCune and Ray Michaelson.

Veterans of Foreign Wars Auxiliary: Mrs. Leah Jane Zink and Mrs. Goldie Whitmore, department chairman at Fort Carson.

Bacchi Couple Will Act As Guild Seminar Critics

Mr. and Mrs. Giorgio Bacchi, whose art studies have taken them to Italy, France and Mexico, as well as schools in this country, will be featured as critics at the seminar meeting, Wednesday night, in the painting room of the Colorado Springs Fine Arts Center. It was announced by Ernestine Parsons, seminar chairman of the Guild.

Mr. Bacchi is a native of Florence, Italy. Mrs. Bacchi received her Master of Arts degree from Colorado College in June.

Both have traveled extensively in various parts of the world, and are intimately acquainted with art movements on both sides of the Atlantic Ocean. In addition, both are painters with an impressive array of work to their credit.

Art Guild members were urged by the program chairman to bring their paintings to the seminar meeting for evaluation and discussion. The Bacchis are knowledgeable not only in the specialty of painting, but also with the over-all Colorado Springs cultural picture, and their comments at the seminar meeting should be of special interest to those who attend the Art Guild seminar meeting.

Among other Art Guild news is that Taber Uley, President of the Guild, who recently returned from a trip around the world, has been asked to hang a show of Art Guild paintings at the Pueblo Museum. Entries for the show will be received by Marcia Roderick of the Contemporary Art Gallery, 111 East Arvada, between Sept. 17 and Sept. 27.

Publicity chairman Goldie Stewart reports "The Art Guild had a nice showing at the Colorado State Fair in Pueblo this year, with two of our members taking awards. In the professional class, non-objective, Alyda Powell took first prize. One of our new members, Sydel Selman, was given a third-place recognition in the non-objective, non-objective class. The following members also had paintings chosen for the exhibit: Professional: Bill Chapell, Leonard Wheatley and Sadie Robbins; non-professional: Lawrence Harris, Giorgio Bacchi, Helen Haughton, Marian DeNoya, Elsie

McMullin began his 21 years in uniform at Salt Lake City, Utah, in July, 1941. He served from Ireland to Germany in World War II mainly with the 5th Major Port. He recalls 175 days of buzz bombing in Belgium and earned two battle stars while supplying the 8th and 29th Infantry Divisions through his engineer utility shop.

He reenlisted to have a better look at Europe and joined the Port of Bremerhaven in 1946 as terminal operations sergeant. In 1957 he returned to Germany for a second tour and drew the same assignment.

His new Mexico duties were in special weapons and reserve component work later. He recruited for the Reserve Forces Act of 1955 when it was initiated.

Colonel Morgan Lions Club Speaker Tuesday

Col. Chester H. Morgan, U. S. Air Force, will speak at the Colorado Springs Lions Club meeting at 12:15 p.m. Tuesday at the Acacia Hotel.

Morgan's subject will be "The Air Force Anniversary and Aerospace Defense Today."

The colonel entered the U. S. Army Air Corps in 1939, receiving his commission in 1940. He is a command pilot with over 4300 hours of flying time and has served at numerous overseas assignments.

At present, Morgan is assigned to the Deputy Chief of Staff for Plans, Air Defense Command, as director in Advanced Plans and Future Development.

Bicycle Rider Bitten By Dog Saturday

Scott J. McClavy, 7, of 2930 W. Kiowa St., was bitten on the left leg by a dog while riding his bicycle near his home Saturday night.

Police Officer James Caldwell reported that the boy told him the dog pulled a leash from the hand of the owner in order to attack him.

The owner of the dog, John Davis, 2935 W. Bijou St., was contacted and advised to keep the animal confined for the customary 14-day period.

The boy was later treated at the Ft. Carson Army Hospital where the wound was cleansed and a tetanus shot administered.

Cadet Injured In Car Mishap

Lynne Gulock, a cadet at the Air Force Academy, was taken to the Air Force Academy Hospital by an Air Force Ambulance early Sunday morning suffering from a chin laceration and abrasions incurred when his car struck another vehicle four miles north of Colorado Springs on U. S. Highway 25-97.

State Patrolman Pete Thiel reported that the Gulock car, driven by Darwood Rayford Dugan, 34, box 171 Colorado Springs, was northbound on the highway when the Gulock car, ridden 90 feet into the rear of the Dugan car.

Pueblo Wins Trophy at Security

The Pueblo Fire Department won the championship trophy Sunday at the 16th annual field day of the Southeastern Colorado Firemen's Association held in Security.

Fire fighters from Stratton Meadows were awarded the efficiency trophy for demonstrating the best efficiency in the competition regardless of overall time. The Stratton Meadows Fire Department placed third in the field day events.

Second place honors went to the Juyild-Cheyenne Canon Volunteer Fire Department with the Security department placing fourth.

Other departments who participated in the meet were La Junta, Florence, Rocky Ford, Peterson Field, West Park and Manitoula, Canon.

BOY SCOUT SPECIAL — Scout Rusty Kimball is shown discussing Falcon football prospects with Cadet John Gavin, fullback for the Air Force Academy team. All clubs, scouts, explorers and their leaders are invited to attend the AFA home games at a reduced price. Boys interested in attending the games must submit the fee to their unit leader by Wednesday to secure a ticket for the first game scheduled for Saturday.

5th Will Be Combat-Ready After 'Exercise We Will'

The crack 5th Infantry Division, enemy. The test ended with an action will be officially combat-ready after "Exercise We Will," Sept. 30 thru Oct. 12, but five infantry battalions claimed the distinction this week after their Army training tests at Ft. Carson. The 11th during the test.

Col. Fred A. Pierce, Jr., 3rd Brigade commander and chief umpire of the ATT's, declared the 1st Battalions of the 10th, 11th and 61st Infantry prepared for battle.

He told the 61st infantrymen they had made an "impressive" showing and were to be commended. In the 11th Infantry, he singled out Sgt. I. C. Maximo Yanes and the mortar platoon for a "fine" job.

Col. William G. Sullivan, 1st Brigade commander, applied the combat-ready label to the 2nd Battalions of the 10th and 11th Infantry.

"They both did a mighty fine job," said Col. Sullivan.

The 2nd Battalion, 61st Infantry, takes its ATT this weekend. In a typical test, the "Wandering" 11th Infantry received a call to thwart an aggressor invasion and went on an inspection by the 70th Maintenance Battalion before responding. Troops moved out at 4 a.m. in a 15-mile road march to a forward position.

An enemy artillery attack was met with an atomic strike, which was countered with an air attack. The 11th succeeded in holding a critical position and outmaneuvering an ambush attempted by the aggressor.

Chaplain Pierce is married and the father of three children. He enjoys sports, gardening and music.

Boy Hit by Car While Crossing Street Saturday

A 14-year-old boy was treated at the Ent Dispensary Saturday night for a fractured nose, multiple contusions and abrasions to his face, knees and left hand after he was struck by a car while crossing the 1900 block of North Clinton Drive.

Police Officer Thomas Hughes identified the boy as Charles Al-den Partridge, 1939 Myers Drive, and the driver of the car as Larmer Winford Smith, 52, of 3130 Pennsylvania Ave.

Hughes said that Smith told him the boy suddenly darted out in front of his car and he was unable to stop in time to avoid the collision.

Partridge said that he and some friends were crossing the street on their way home after the football game, and had run across the street during the heavy part of the traffic, Hughes said.

Youth Injured In Two-Car Crash

Vicki Radach, 16, Woodland Park, was treated at Penrose Hospital for a forehead laceration after she suffered in a two-car collision Saturday night north of Woodland Park.

State Patrolman Donald C. Hoover reported that Miss Radach was a passenger in a car driven by Ronald Binkie, 17, Woodland Park, when it struck the car of Mary Webb, 16, which had slowed to make a turn on Colorado Highway 57.

Both vehicles were northbound at the time of the accident, Hoover said.

Pick Up Order Out for Stolen Car

Police have set out a pick-up order for a stolen 1961 Buick Wildcat, which was reported missing from the home of Mrs. J. E. Smith, 1000 S. 10th St., on Saturday.

The car was last seen on Saturday night, and was reported missing from the home of Mrs. J. E. Smith, 1000 S. 10th St., on Saturday.

The car was last seen on Saturday night, and was reported missing from the home of Mrs. J. E. Smith, 1000 S. 10th St., on Saturday.

Bucs Scuttle Gremlins; Look Ahead to Raiders

By TOM CUSEMAN

Gazette Telegraph Sports Writer

Sunday afternoon at Wasson Stadium, Chuck Haering's St. Mary's Pirates added a bit more substance to the theory that they are a team to watch in the Denver Parochial League this season. Sound defense and a healthy ground out, featuring the slithering runs of snake-legged Rich Jewett, combined to submerge the usually touted St. Francis of Des Moines, 19-0, and send Pirate hopes soaring.

If doubts remain as to the Bucs' proficiency, there are reasons for a few, the issue will come up for debate next Sunday afternoon. On that occasion the Regis Raiders make their trek down from Denver with thoughts of wrecking their annual havoc with St. Mary's ambitions.

The Raiders, who have sufficient discourtesy to slap challengers down with monotonous

two touchdowns were the results of long sprints by Jewett, thus leaving some question as to what will happen if the Raiders concentrate on cutting off the outside running game. Sunday the Pirates' passing was anything but spectacular — but of course they didn't need it against the Grems.

A bad break right after the opening kickoff left the Pirates in a hole they were a long time escaping and that fact may have held the score down. Jewett could not get a hold on a bad pitchout and St. Francis recovered the fumble on the St. Mary's 10.

The Pirates held but the quarter was nearly over before they could get out of their own territory. The break finally came when Bruce Mangerich stole a fumble from behind on quarter and returned it to the St. Francis 44. On the third play following Jewett's swing around the left side and romped 45 yards for the first score.

That jaunt seemed to loosen his legs for early in the second quarter he put the Pirates in scoring position again. After the Bucs had been pushed back to their own 20 by a quick kick, Rich shot thru a hole to the 28, and then fled up the right side to the 45 on the second play. A minute later he broke down the right side to go all the way but the play was called back due to a penalty. Two plays after that he broke away again and this time was snuffed down on the St. Francis nine. Peralta took over from there and ripped across on two plunges.

Neither team did much in the third quarter but early in the fourth period the Bucs put together a drive from their own 31 that carried to paydirt in 13 plays. The second unit took over at the St. Francis 43 and moved the remainder of the distance with Zavatti wiggling over from 10 yards out.

There wasn't much doubt that the Gremlins were lucky to get off as lightly as they did.

regularity, are once again a bonum choice for the DPL championship. It will be Haering's chore this week to attempt to prep the Pirates for an all-out performance against the northern pestilence. For an upset by the Bucs could certainly send them winging toward their first league title.

Sunday, the Pirates finished up their trouncing of St. Francis dumped Weber of Utah 26-6, and with enough assets and debits to leave the question of the Regis game up in the air. There was certainly no doubt as to their superiority over the Gremlins. A Mines 19-0 and Washburn University — knut St. Mary's defense and city of Topeka, Kan., beat Colorado completely inept blocking by the rado College 20-14.

Denver team wiped out any offensive gestures the Grems attempted to make.

So futile was St. Francis' attempted attack, that the Gremlins were held to a minus-one-yard from scrimmage in the first half and ended up with only 35 yards for the day, even tho they operated against Pirate reserves much of the second half.

Aside from Jewett and the occasionally slashing plunges of Larry Peralta, tho, the St. Mary's offense was far from overpowering. Peralta worked well inside, when there was room, and so did reserve back Sam Zavatti. Jewett, of course, operates outside most of the time and he left nothing but disaster in his wake when he managed to turn the flanks. Sunday his output was 127 yards in 12 carries. However, 113 of those yards came in just four of his attempts.

Only in the final quarter did the Pirates put together much of a sustained drive and it was a second unit backs that accomplished most of that. The first

ter was nearly over before they could get out of their own territory. The break finally came when Bruce Mangerich stole a fumble from behind on quarter and returned it to the St. Francis 44. On the third play following Jewett's swing around the left side and romped 45 yards for the first score.

A minute later he broke down the right side to go all the way but the play was called back due to a penalty. Two plays after that he broke away again and this time was snuffed down on the St. Francis nine. Peralta took over from there and ripped across on two plunges.

Neither team did much in the third quarter but early in the fourth period the Bucs put together a drive from their own 31 that carried to paydirt in 13 plays. The second unit took over at the St. Francis 43 and moved the remainder of the distance with Zavatti wiggling over from 10 yards out.

There wasn't much doubt that the Gremlins were lucky to get off as lightly as they did.

regularity, are once again a bonum choice for the DPL championship. It will be Haering's chore this week to attempt to prep the Pirates for an all-out performance against the northern pestilence. For an upset by the Bucs could certainly send them winging toward their first league title.

Sunday, the Pirates finished up their trouncing of St. Francis dumped Weber of Utah 26-6, and with enough assets and debits to leave the question of the Regis game up in the air. There was certainly no doubt as to their superiority over the Gremlins. A Mines 19-0 and Washburn University — knut St. Mary's defense and city of Topeka, Kan., beat Colorado completely inept blocking by the rado College 20-14.

Denver team wiped out any offensive gestures the Grems attempted to make.

So futile was St. Francis' attempted attack, that the Gremlins were held to a minus-one-yard from scrimmage in the first half and ended up with only 35 yards for the day, even tho they operated against Pirate reserves much of the second half.

Aside from Jewett and the occasionally slashing plunges of Larry Peralta, tho, the St. Mary's offense was far from overpowering. Peralta worked well inside, when there was room, and so did reserve back Sam Zavatti. Jewett, of course, operates outside most of the time and he left nothing but disaster in his wake when he managed to turn the flanks. Sunday his output was 127 yards in 12 carries. However, 113 of those yards came in just four of his attempts.

Only in the final quarter did the Pirates put together much of a sustained drive and it was a second unit backs that accomplished most of that. The first

ter was nearly over before they could get out of their own territory. The break finally came when Bruce Mangerich stole a fumble from behind on quarter and returned it to the St. Francis 44. On the third play following Jewett's swing around the left side and romped 45 yards for the first score.

That jaunt seemed to loosen his legs for early in the second quarter he put the Pirates in scoring position again. After the Bucs had been pushed back to their own 20 by a quick kick, Rich shot thru a hole to the 28, and then fled up the right side to the 45 on the second play. A minute later he broke down the right side to go all the way but the play was called back due to a penalty. Two plays after that he broke away again and this time was snuffed down on the St. Francis nine. Peralta took over from there and ripped across on two plunges.

Hornung Paces Packers Win

By JACK CLARY

Associated Press Sports Writer

King in 1961 as the Packers won Vikings, scoring three touchdowns New York Giants 17-7. In other points which he set in 1960 in the Eastern Conference championship game, St. Louis, with halfbacking prowess, gained 67 yards in 10 hit Rich Kreitling with a 17-yard touchdown run, and he added break a 7-7 tie and Lou Groza's 29-yard field goal added the in-

Paul Hornung is as ready as any and the world championship, was four conversions for 23 points. A sellout crowd of 33,688 John David Crow leading the way, carried Philadelphia 27-21. Detroit in touchdowns runs, and he added break a 7-7 tie and Lou Groza's 29-yard field goal added the in-

Football League title this year, being discharged from the Army job on the Vikings, part of a record-breaking Pittsburgh 45-7. Baltimore's 30-14 and Washington and team's first 20 points before Bart Jimmy Brown for 210 yards, and the Dallas Cowboys played a 35-35 Starr hit Ron Kramer with an 18-the alert Brown defense turned the final eight points.

In the American Football League, Boston upset Houston 34-21 and San Diego rolled over New York 40-14 in the only Sunday games scheduled.

Hornung, holder of the singlethe closing seconds for the Vikings season scoring record of 176ings score.

RELENTLESS — Hugh McElhenry (39), Minnesota Viking halfback, was snaggled as he caught a short flare pass by Green Bay's aggressive defender, Herb Adderly (26) an dstill had a struggle to keep the ball during the Green Bay-Minnesota National Football League game Sunday. The alert Packer defense intercepted five Viking passes in their 34-7 victory over the Minnesota team. (AP Wirephoto)

Mira Generates Excitement As Grid Campaign Starts

By ED CORRIGAN

Associated Press Sports Writer

The football season has hardly gotten under way and already the All-America bandwagon is rolling with George Mira, University of Miami quarterback, causing all the excitement.

"Possibly the greatest quarter-back I've seen in a long, long time," said Coach Johnny Michosen of Pitt.

"The best quarterback I've ever coached," enthused Mira's coach, Andy Gustafson.

Mira, a slick, 175-pound junior was a one-man gang Saturday in leading Miami to a 23-14 victory over Pitt in the first NCAA television game of the week. He connected for 13 of 25 pass attempts, good for 162 yards, and blasted 86 yards in 10 carries—8.6 yards per try.

Mira and his Hurricanes get a day off this Saturday, then take on Texas Christian Sept. 29. The victory was a sweet one for Hurricanes, who lost the opener to Pitt last year, then went on to win seven of their nine remaining games. They wound up in the Liberty Bowl against Syracuse.

While the Hurricanes are resting, eight of the top 10 teams in the pre-season Associated Press poll, including defending national champion Alabama, get into action Saturday. Two Big Ten teams in the poll—Ohio State, No. 1, and Michigan State, No. 4, open their season a week from Saturday.

Texas, voted No. 2, and the favorite for the Southwest Conference championship, entertains Oregon State in a night game. The Longhorns lost only one game last year and are figured to be at least as powerful this time around.

Alabama, No. 3, dumped out of its top spot because of the graduation of Pat Trammell and the injury of Mike Frachia, its bone-breaking runner, will test itself against Georgia in another night game, a Southeastern Conference affair.

Louisiana State, fifth-ranked, plays Texas A & M in a nighter at home. LSU wound up second to Alabama in the Southeastern Conference race last year and doesn't figure to have any trouble with the so-so Aggies.

Mississippi, No. 6, another pretender to the Southeastern throne, warms up against Memphis State, a high scoring machine that was held to less than two touchdowns

only once last year, in a night game in Memphis.

The big one will take place in Seattle, matching Purdue, No. 7, to a one-over-par 71 on the final round, posting a 23. He birdied again on the 14th, but lost it when he bogied the par-four, 433-yard 17th.

Lema finished in second place with a 267 total and picked up \$3,000 in prize money.

Gary Player, who trailed by two strokes after 54 holes, faded 68-13 in the final round in Baltimore and finished in fifth place. Bob 1913.

Boilermakers have high hopes of Harrison, shooting a 67 Sunday, upsetting the Ohio State-Michigan State axis in the Big Ten while the Huskies are co-favorites with Southern Cal in the Big Six.

Duke, the Atlantic Coast Conference standout, and No. 8 in the poll, faces a strong Southern California outfit, while Penn State, No. 9, and the favorite for the Eastern title, tangles with Navy, one of its main rivals, in another important test.

Yankees, Dodgers Backing Into League Championships

By MILTON RICHMAN
UPI Sports Writer

When it comes time for the Yankees and Dodgers to back into the pennant, they may have to do it the hard way.

No team likes to back into the pennant. There's something of a stigma attached to it, like coming up through the service on the front door.

Nevertheless, that seems to be the common course the Yankees and Dodgers are headed on in their aim to meet each other come Oct. 3.

Practically a century ago, it was anybody in both pennant races last Sunday.

The Yankees lost to the Dodgers, 4-3, and the Giants and Red Sox lost. And the Angels and Cincinnati were the only contenders left.

The second place Minnesota Twins were the only contenders left who managed to win, defeating the Cleveland Indians 4-3 to Philadelphia.

Nothing changed at the top of the National League, where the Dodgers retained their four game lead despite a 5-0 defeat at the hands of the Cubs.

Pittsburgh, which San Francisco, 6-4, in 10 innings, and the New York Mets all but extinguished Cincinnati's hopes with an 8-2 victory that left the third place Reds six games back.

The Philadelphia Phillies backed the St. Louis Cardinals 3-1, and the Milwaukee Braves beat the Houston Astros 5-4.

Lonny Gene Conley, who had hit .300 in nine previous games, finally defeated them by pitching the Red Sox to a 4-3 victory although he needed Dick Radatz's help in the ninth.

Conley, now 14-13, scored what proved to be the winning run in the eighth, when he doubled off the left field wall and rode home on L. Clinton's single. Whitey Ford absorbed his eighth loss against 18 wins.

Carmelo Pascual won his 18th for the Twins while striking out 12 and hurling an eight-hitter Sunday, with fast time, and a against the Indians. Pascual, who had three of Minnesota's nine hits, also singled home the win-

ner. The eighth off-losing more Orioles, 12-5, and the Chicago White Sox defeated the Washington Senators, 7-4, in other AL games.

The Detroit Tigers downed the Los Angeles Angels 4-2, the Kansas City Athletics won their 11th for the Cubs with a 3-0 victory.

Maury Wills was thrown out at second in his only attempt to add to his total of 32 stolen bases, then left the game in the sixth when he bruised his right ankle with a foul tip off his own bat.

The injury was not serious, however, and he is expected to play tonight.

Smoky Burgess' two-run homer in the 10th inning gave the Pirates their victory over the Giants, who went down to their fifth straight defeat. Willie Mays had the score at 4-1 in the eighth when he hit his 44th homer with a two on Reliever Joe Gibbon was the winner.

Wayne Reichel walked away from one of the most frightening accidents ever witnessed at Pikes Peak Speedway on Saturday night. The near tragedy occurred during the running of the Main Event.

Reichel arrived late at the track and the Main was the first race of the night for the Pueblo driver. On the seventeenth lap, another driver forced Reichel wide on a turn and he rammed into the fence in front of the East stands. His car rolled after hitting the wall and slid on its side right in the middle of the backstretch.

Englewood's Harry Zimmerlee came roaring down on him and was unable to avoid the overturned car. He hit Reichel's roof at full speed and snapped the roll bars, tested at 22,000 pounds off the frame. When Reichel finally climbed out of the wreckage, Zimmerlee's tire tread was printed across his crash helmet.

Several other races were marred by accidents and engine troubles in a rough night for all hands.

Many spins and lost wheels marked action on the oval. The no major crack-ups occurred during the 10 races held. Close competition in the B class saw the cars running deep on the straightaway.

The next races at Sportsman Park will be held Sunday, with time trials to get underway at 1:30 p.m. This is to allow local drivers to compete on the Pueblo track Saturday, with time trials there to begin at 5:30 p.m.

At RMKC... Record Book Rewritten In Last Week's Racing

They rewrote the record book on two different nights last week at the Rocky Mountain Kennel Club as the fourth week of the 1962 annual greyhound racing meet became statistics.

Thursday night Sam Wooten's Mandarin Leon won by a full two lengths and when the race was over, cashiers honored the \$2 win tickets for \$156.80, the highest ever paid on win tickets at RMKC during its year history.

Saturday night fans saw a new track record set on the 5-16 mile course when Joe Marino's Amperex clocked a 30.67. The previous time record had been set in the 1961 meet when G. A. Alderson's My Friend Lou, the greyhound that set a new record at Denver's Mile High this sea-

son, coursed the RMKC oval in 30.64.

Amperex, a dark brindle who had already been mentioned as one of the most promising entries in the 1962 RMKC Puppy Stakes, had been in the boxes eight times with a record of four wins, place and two shows — eight times out of seven money wins.

Both attendance and handle are showing better than average gains over the 1961 meet and, according to RMKC's General Manager Al Binas, "We're having the best racing weather that we have ever had since we started holding our meets later in the year."

Friday night saw three brindle dogs, after-mates and kennel-mates the Paul George Kennel, win the first place honors in the second, eighth and featured tenth races.

Nothing changed at the top of the National League, where the Dodgers retained their four game lead despite a 5-0 defeat at the hands of the Cubs.

Pittsburgh, which San Francisco, 6-4, in 10 innings, and the New York Mets all but extinguished Cincinnati's hopes with an 8-2 victory that left the third place Reds six games back.

The Philadelphia Phillies backed the St. Louis Cardinals 3-1, and the Milwaukee Braves beat the Houston Astros 5-4.

Lonny Gene Conley, who had hit .300 in nine previous games, finally defeated them by pitching the Red Sox to a 4-3 victory although he needed Dick Radatz's help in the ninth.

Conley, now 14-13, scored what proved to be the winning run in the eighth, when he doubled off the left field wall and rode home on L. Clinton's single. Whitey Ford absorbed his eighth loss against 18 wins.

Carmelo Pascual won his 18th for the Twins while striking out 12 and hurling an eight-hitter Sunday, with fast time, and a against the Indians. Pascual, who had three of Minnesota's nine hits, also singled home the win-

ner. The eighth off-losing more Orioles, 12-5, and the Chicago White Sox defeated the Washington Senators, 7-4, in other AL games.

The Detroit Tigers downed the Los Angeles Angels 4-2, the Kansas City Athletics won their 11th for the Cubs with a 3-0 victory.

Maury Wills was thrown out at second in his only attempt to add to his total of 32 stolen bases, then left the game in the sixth when he bruised his right ankle with a foul tip off his own bat.

The injury was not serious, however, and he is expected to play tonight.

Smoky Burgess' two-run homer in the 10th inning gave the Pirates their victory over the Giants, who went down to their fifth straight defeat. Willie Mays had the score at 4-1 in the eighth when he hit his 44th homer with a two on Reliever Joe Gibbon was the winner.

Wayne Reichel walked away from one of the most frightening accidents ever witnessed at Pikes Peak Speedway on Saturday night. The near tragedy occurred during the running of the Main Event.

Looking at Hollywood
By HEDDA HOPPER

SIDNEY POITER TO STAR IN "LILIES IN THE FIELD"
Hollywood—Ralph Nelson, Emmy-winning TV director whose first picture job was a request for a Heavyweight, goes into business for himself with "Lilies in the Field," which he shot in the southwest in November. Play- ing a discharged army sergeant who helps build a chapel for five nuns in a small New Mexico village will be Sidney Poiter. Nelson tells me a top female star will play mother superior.

Bette Davis, says working on "What Ever Happened to Baby Jane?" was like doing a three-day TV show for six weeks. We had a night schedule but Director Bob Aldrich is a man of authority and who knows how to run a set. Nowdays everybody is so polite and sweet, it was refreshing to

MANPOWER SUPPORTS HORSEPOWER—Americans and Thai turn to help an Army vehicle out of mud while on a training mission in northeastern Thailand. The jeep was part of U.S. Army reconnaissance

group based at Kanchanaburi and on a training exercise to learn how to take the terrain into account of Thai monsoon season. The jeep was stuck in mud for several hours. (AP Wirephoto)

Colorado Man Tops Ropers
PENDLETON Ore. AP — Ropers from Colorado and Wyoming grabbed top honors in the steer roping event at the Pendleton Ore. roundup last week.

Don McLaughlin of Fort Collins, Colo., won first by tying three steers in 33.6 seconds, earning \$1,854. Dean Merritt of Cheyenne, Wyo., was second with \$933 earned and Bob Moore of Mid-west, Wyo. was third with \$699.

The Pendleton show was the last before the National Steer Roping finals at Douglas, Wyo., Sept. 23. The top 15 ropers, based on money earnings throughout the year, will compete at Douglas for \$6,500 in prize money.

British Hit by Shortage of Gas
LONDON AP — A gasoline shortage hit thousands of Londoners before returning to work today. The shortage is due to a series of lightning strikes by drivers for the picture he's doing with Gena Rowland. Everybody got fat on "Cleopatra" and no longer needed to work. The props in vacs' two daughters by a former Rome are all labeled "Twentieth Century-Fox."

Elizabeth Patterson's having a hard time because of court trouble go with her eyes. She's battles. Dianna Dors fills in for practically lived at the hospital her.

for the last six months. Went in Jim Garner, who can turn pro for what she was told was a golfer when he runs out of movie simple operation, but it turned out jobs, is playing a pro-amateur to be something else again. tournament at Seattle's World.

Everybody here admires Edie fair. Jim's one of the three best Adams' fight to keep Ernie Ko-suffers in the city.

Generosity Brings Man Jealousy
ROCK PORT, Mo. AP — George Opp, who paid all of this town's taxes two years ago, says he is feeling the whiplash of with it came jealousy, he said. As a result, he has closed his restaurant and the only hotel in town.

Opp, who is 70, owns several thousand acres of rich cornland. He had operated the 38-room hotel 32 years.

Two years ago, Opp paid the taxes for all Rock Port's 1,780 residents — \$19,200. Last year he

Viet Nam Denies Troop Movement

NEW CALEDONIA — Unusual wet weather in the Pacific Islands has been blamed on recent nuclear explosions at Christmas Island.

Rehabilitation Of Drug Addicts Is Proposed

NEWPORT, R.I. (AP)—A panel leased a progress report by the nonnarcotic drugs as the bar of experts appointed by President panel which also.

Kennedy rejected Saturday the practice of lengthy confinement evidence. Said there was increasing teen-agers, of the spree use of a but is instead "spread from user number of different drugs in rotation."

COLORFUL — This cardigan, sprinkled with flowers, is a popular look this fall. Here, for date wear, it is combined with a sashed, sleeveless, wool knit sheath. Colors are as dashing as can be. Here, royal and red team up.

TWO-PIECE NUMBER — Duo-toned plaid Shetland makes a fetching two-piece outfit for a busy campus life. The solid top picks up the fabric of the plaid skirt for its trimming. Add a white blouse, and you produce a more tailored look.

CASUALLY CORRECT — This popular V-neck sweater can go to class over a white shirt and tie or relax later with an open-neck sport shirt.

HANDY COAT — In fair weather of foul, the all-purpose galecoat is a boon to the college student, particularly if he chooses a striking pattern like this one. The coat is water repellent, but doesn't look it, and enjoys sunshine as much as a downpour.

Here Are Clothes You'll See This Year on Campus

What new clothes will go around in the campus big wheel circle this fall?

Lots of reversible coats, plaid on one side, plain on the other. All-weather coats—it's passe to call them raincoats—of waterproof wools. Length will be an inch to an inch and half shorter than last year, for both guys and gals.

Hoods are very big, on jackets which come just below the hip line. Wool stretch fabric is popular for slacks. The girls are borrowing the panchos which come to collect with the men.

And speaking of the coed, she'll be seen in clan plaids and full pleated skirts now that the manufacturers have a new and better process for permanent pleating.

She'll wear a lot of overblouses. When the overblouse is part of a versatile three-piece suit, it's apt to be wool jersey.

Suit jackets are longer by at least three inches—bringing them to the hip line.

Sleeves are a little fuller; they still reach bracelet length or just below the elbow.

Some of the princess-line coats are demure.

Southern Rhodesia Reports Violence

SALISBURY, Southern Rhodesia (AP)—White-ruled Southern Rhodesia's growing wave of violence against extremists took a new turn today with three gasoline bombs thrown against the homes of whites in Salisbury and another in the center of industrial Bulawayo.

Several other acts of arson and stonings were reported by police.
